Human Resources > Utilities > Mass Update > Leave

This tab is used to update leave data for groups of employees by a variety of criteria including pay type, pay grade, primary campus, payroll frequency, and employee number. The Leave tab allows users to add, delete, and zero leave values for all types of leave that are currently established on the Leave Type Description tab of the Leave table. Users may update leave data including totals for leave earned, leave used, and leave balance for the various types of leave, both state and local. Once leave data is altered using this tab, changes are reflected in the individual leave records.
