Human Resources > Utilities > Payroll Simulation > Addendum

The Payroll Simulation tabs are used to create simulated payrolls for individual employees or groups of employees. This feature can show new employees what their checks will be or to show existing employees the changes to their paychecks before the changes become effective.

The Addendum tab is used to print a copy of the employee's proposed pay for review/approval.

Note: The pay step and pay schedule are not included on the report if a job's salary concept is set to midpoint.

View the payroll simulation addendum:

Include Emergency Contact Information	
Include Budget Information	Select to add budget data to the addendum printout.
Include Number of Days Employed/In Contract	Select to add the number of days employed and number of days in contract to the addendum printout.

Click the vertical scroll bar on the right side of the tab to scroll through the employee's payroll simulation data.

If data is correct, click **Print** to print the addendum.
