# Transaction Maintenance - HRS8400

## Human Resources > Utilities > Transfer Transaction Processing > Transaction Maintenance

This tab is used to modify individual transfer transactions. The grid on the Transaction Maintenance tab is populated when the user clicks **Create** on the Create Transactions tab. Users can change the transfer transaction for an individual or a group of codes from this tab. The Transaction Maintenance tab allows users to modify and/or add transactions before creating transfer checks and posting to the general ledger. Transfer transactions such as TEXNET and LONESTAR POOL. can be added to this page for posting to Finance without issuing an actual check or creating a journal entry. Transactions that are grayed out have already had checks issued and cannot be updated. Although actual checks are not issued by the system, the wire transfers are displayed on the Check Register as checks.

**Note:** If transfer checks have already been posted for the pay date and the transfer transaction is voided using Check Void in Finance, transactions are inserted into the transfer transaction table for the pay date.

### Perform transaction maintenance:

Field	Description
<b>Vendor Nbr</b>	Click <input type="button" value="v"/> to select the vendor to be paid by the deduction check.
<b>Deduct Code</b>	Click <input type="button" value="v"/> to select the deduction code used to identify the deduction transaction.
<b>From Pay Date</b>	Click <input type="button" value="v"/> to select the beginning pay date.
<b>To Pay Date</b>	Click <input type="button" value="v"/> to select the ending pay date.
<b>Unpaid Chks Only</b>	Selected, by default, to limit the selected records to liability checks that have not been paid. To view all records, clear this field.
<b>Include Cleared Chks</b>	Select to include cleared checks in transaction maintenance; leave blank to not include cleared checks. This field is disabled if <b>Unpaid Chks Only</b> is selected.

Click **Retrieve**. The system populates the grid with data for the selected vendor by pay date, and fields display in the free-form area at the bottom of the tab. Data can be entered in the free-form

Click **+Add** to add a row.

<b>Frequency</b>	Type the current or a new pay frequency.
<b>Pay Date</b>	Type the pay date in the MMDDYYYY format for this transaction.
<b>Vendor Name/Sort Key</b>	Click <input type="button" value="v"/> to select the new or revised vendor name to be used for the check.
<b>Vendor Nbr</b>	Type the vendor number, or click to select the new or revised vendor number to be used for the check. As you type the data, a drop-down list of corresponding data is displayed. Select the desired vendor number.

<b>Employee Nbr</b>	Type the code of the specific employee for this transaction. As you type the data, a drop-down list of corresponding data is displayed. Select the employee name. This field is optional.
<b>Deduct Code</b>	Click  to select the code used for this deduction transaction. This field is optional.
<b>Deduction Amt</b>	Type the amount deducted, if different from the previous amount. This field is optional.
<b>Account Code</b>	Type the account code, or click  to select the code for the account that controls the funds authorized in the previous fields. As you type the data, a drop-down list of corresponding data is displayed. Select the desired account code.

The following fields are disabled and are populated after completing interface transfer transaction processing on the next tab. The fields are always display only, even when populated.

- **Check Nbr**
- **Check Date**
- **Check Typ**
- **Check Cleared**

Click **Save**.

Click **Print**. A print options dialog box is displayed with the following options:

- **Detail Transfer Checks** - prints a detailed listing of all transfer checks.
- **Transfer Check Trans** - prints all the transfer check transactions.

Select an option, and then click **OK** to view a copy of the report. Otherwise, click **Cancel** to return to the Catalog tab.

[Review the report.](#)
