# Regular Hours - HRS3300

## Payroll > Maintenance > Hours/Pay Transmittals > Reg Hours

This tab is used to change the number of regular hours worked by employees with pay type 3 (hourly) at a single campus/department or for all employees at a group of campuses/departments. If a default was established for regular hours on the Create Hours tab, that default is displayed on this tab but can be overwritten. Note that transmittal records cannot be changed after a payroll has been run. This tab consists of a grid at the top and a free-form area at the bottom.

**Note:** If an employee has an hourly job (i.e., pay type 3), the **Reg Hrs Worked** field is populated on the Maintenance > Staff Job/Pay Data > Job Info tab, and a regular hours transmittal is created on the Maintenance > Hours/Pay Transmittals > Reg Hours tab, then the regular hours transmittal hours will take precedent over the value that is in the **Reg Hrs Worked** field.
