# HRS5000 - 941 Worksheet

## **Payroll > Reports > Quarterly/Annual Reports > 941 Worksheet**

The report lists information on checks that each employee received during the date range entered. The information is listed by employee name and includes the check number, check date, taxable gross, federal income tax, FICA gross, FICA withheld, Medicare gross, Medicare tax withheld, and earned income credit. The report is primarily used as a worksheet for preparing the quarterly 941 report. It only works if the district is maintaining year-to-date files, and it includes the pay history records that were created from the Calendar YTD maintenance tab.

If the calendar year is greater than 2013, the non-TRS nontax business allowance and non-TRS nontax nonpay business allowance amounts are not included in the taxable gross calculations.

**Note:** taxable gross = withholding gross + non-TRS - nontax business allowances
