Payroll > Reports > Year To Date Reports > YTD Payroll Earnings Register

The report provides a complete breakdown of the year's payroll records for each employee. The report can be run for the district, campus, all employees, or up to ten individual employees indicated by the user. The report includes detailed data on each check issued during the range of pay dates indicated but does not include pay history records that were created from the Calendar YTD maintenance tab.

When total dependent care (employee and/or employer) exceeds \$5,000 for the calendar year, an additional deduction line is displayed on the reports to separate the taxable and nontaxable parts of that deduction.
