This tab displays employee demographic information in addition to hiring, contract, and salary data. (Contract and salary data is based on the current logged-on pay frequency.)

Employee data on this page is display only for verification purposes and cannot be changed. Use the applicable maintenance pages to make changes.

View demographic and employment data:

Retrieve an existing record	<p>Begin typing the employee name or number. As you type the data, a drop-down list of corresponding data is displayed. Select an employee and click Retrieve. Or, click Directory to perform a search in the Employees Directory.</p> <p>Note: The employee autosuggest field includes employees whose records were created in Personnel but do not have a Pay Info or Job Info record. If the employee number does not exist in the system, a message is displayed prompting you to create a new employee. Click Yes.</p>
