College Code - HRS2200

Personnel > Tables > Credential > College Code

This tab is used to maintain codes for colleges and universities as well as the name of the institution and the state in which the institution is located.

Add a college code:

☐ Click **+Add** to add a row.

Note: If an employee has a degree from a foreign university, enter the name of the college only in the **College Name** field.

Field	Description
College Code	Type the code that represents the college or university for the record being added. The code is limited to six characters.
College State	Click  to select the state, or type the two-character state abbreviation.
College Name	Type the name of the college represented by the college code. The description can be a maximum of 30 characters.

☐ Click **Save** to save the changes.

Other functions and features:

Retrieve	The Retrieve button is also used to retrieve information from the last save. If you click Retrieve , any unsaved changes are lost.
Print	<p>Print the code table data.</p> <p>Click to print code table data.
