Account Code	An edit mask allows you to type the full 20-digit account number, mask the organization code, or mask the whole account number. Type an account code or click ⋮ to display the Account Codes lookup. • To view a list of account code components, place the cursor in one of the account code component fields and click ⋮. • Type the applicable account code components or leave blank for all account codes and click **Search**. A list of available account code components is displayed. • Select an account code from the list. Otherwise, click **Cancel**. Click **OK** when selections are complete.
