This page is used to manage a list of WorkJournal admin users who have access to view timesheet details in ASCENDER EmployeePortal. At this time, this page does not function as intended. This will be corrected with future programming.

Notes:

- **It is recommended** that LEAs set up at least one admin per campus. For example, each campus could set up a payroll clerk to view timesheet details.
- Each campus can have multiple admin users; however, admin users cannot be assigned to multiple campuses.
