Personnel > Utilities > Mass Update > Responsibility

This utility is used to update employee responsibility data for a number of employees at a single time. Employee data may be updated by a variety of criteria including pay type, pay grade, primary campus, and pay frequency. Once employee data is altered using this page, changes are reflected in the individual employee records.

Mass update responsibility data:

Under **Copy**, select the appropriate parameters for the responsibility data to be changed.

Field	Description
School Year	In the From field, type the school year in the YYYY format from which you want to copy data. In the To field, type the school year in the YYYY format from to which you want to copy data.
Use Contract Begin/End Date in Parameter?	<p>Click <input type="checkbox"/> to select whether or not use the contract begin/dates in the parameter.</p> <p>If Yes is selected, the employee's begin and end contract dates are copied from the From school year records to the To school year records. The contract dates are copied from the employee's primary job code in the highest pay frequency in which the employee is active.</p> <p>If No is selected, the employee's begin and end dates are copied from the From school year records to the To school year records.</p>
Delete existing to records?	Click <input type="checkbox"/> to select whether or not to delete the existing To records.

Click **Execute** to execute the process. A preview report is displayed. [Review the report.](#)

Click **Process** to proceed.

A message is displayed indicating that the process was successfully completed.

Click **Cancel** to return to the Mass Update page.

Other functions and features:

Reset Click to reset all previously selected parameter options to the default.
