Change Warehouse ID

When the Warehouse application is opened, a specific warehouse ID is not selected unless a warehouse ID was previously selected. The Change Warehouse ID feature allows you to set or change the warehouse ID to any warehouse if available and if authorized in the Security Administration application. The **Warehouse ID** field displays the selected warehouse ID, if any.

Change the warehouse ID:

Change	Click to set the warehouse ID or to change the warehouse ID to another warehouse ID.
Select Warehouse	Click  to select the warehouse.
Apply	Click to save the new warehouse ID and close the page. Otherwise, click Cancel to close the page without making any changes.
