Work In Progress

Reviewed: 1st Review Complete

Revised: In Progress

The ASCENDER District Administration application provides program data for each collection from the ASCENDER Student system. These programs are reviewed and modified annually, per the published Texas Web-Enabled Data Standards (TWEDS), to ensure that the data extracted to the district database is as accurate as possible. The extracts provide many of the edits as defined in the TWEDS.

The PEIMS Fall Submission (Submission 1) represents the state of the LEA as of the PEIMS Fall snapshot date, which is the last Friday in October, whether or not this is a day of instruction. Local Education Agencies (LEAs) shall report all students served and staff employed on that date. Education Service Centers (ESCs) and LEAs shall report current school-year budget data. All LEAs report data for the PEIMS Fall Submission.

This guide has been created in domain dependency order.

IMPORTANT: The reports identified in this guide are suggested resources for verifying the applicable data. Other ASCENDER or User Created reports may also be available to verify the same information.

NOTE: This guide is exclusively for information and processes related to student data for the Fall PEIMS submission. Users needing to reference information and processes related to business data for the Fall PEIMS submissions should refer to the [TSDS PEIMS Fall Submission Data for Business](#) guide.

IMPORTANT: Some of the images and/or examples provided in this document are for informational purposes only and may not completely represent your LEA's process.

For a complete list of submission rules and edits, access the TSDS Web-Enabled Data Standards (**TWEDS**) website. In the top-right corner, select the appropriate **School Year** (20XX), **Collection** (XXXX), and **Submission** (XXX) and click **Open**.

Once on the TWEDS website, in the Overview tab, you can review **Collections**, **Timelines (DUE DATES)**, and **Data Submission Responsibilities**. It is **highly important** to ensure that you review all of these details as they may change according to the **School Year**.

Additionally, you can use the other tabs on the TWEDS website to review **Data Components**, **Descriptor Tables**, **References**, **Rules**, **Change Logs**, and **Early Notices**.

The 'PK Funding Source' section shows a record with Campus 101, Entry Date 08-05-20, Exit Date --, Fund Order 1, and Fund Source 5. At the bottom of each section are input fields for Campus, Entry Date, Exit Date, and a dropdown for PK Program Code or Fund Source.

In-District Campus Transfer Considerations

When a student transfers from one campus to another within the district, the system manages different types of student data (Elements, Characteristics, and Programs) in one of two ways.

It is critical to know which items require manual attention to ensure the student's record is correct at the new campus.

Elements/Programs that are NOT Automatic (Requires Manual Reentry) These specific Elements, Characteristics, or Programs are **automatically exited** on the student's record at the old campus upon transfer. The new campus **must manually re-enter** a new record for these items with the appropriate **Begin Date** to restart the service/status.

- Local Programs

- PK Fund Source

WARNING: If the element or program is not manually reentered, the student will not be reported as participating in that service at the new campus.

Elements/Programs that ARE Automatic (Transfer with the Student) These specific Elements, Characteristics, or Programs automatically re-enter/transfer with the student to the new campus. The End Date at the old campus is automatically calculated, and the Begin Date at the new campus is automatically set to the transfer date (first instructional day at the new campus).

No manual reentry is required.
