# PEIMS Fall Submission (WIP)

## Work In Progress

**Reviewed:** 1st Review Complete

**Revised:** In Progress

The ASCENDER District Administration application provides program data for each collection from the ASCENDER Student system. These programs are reviewed and modified annually, per the published Texas Web-Enabled Data Standards (TWEDS), to ensure that the data extracted to the district database is as accurate as possible. The extracts provide many of the edits as defined in the TWEDS.

The PEIMS Fall Submission (Submission 1) represents the state of the LEA as of the PEIMS Fall snapshot date, which is the last Friday in October, whether or not this is a day of instruction. Local Education Agencies (LEAs) shall report all students served and staff employed on that date. Education Service Centers (ESCs) and LEAs shall report current school-year budget data. All LEAs report data for the PEIMS Fall Submission.

**This guide has been created in domain dependency order.**

**IMPORTANT:** The reports identified in this guide are suggested resources for verifying the applicable data. Other ASCENDER or User Created reports may also be available to verify the same information.

**NOTE:** This guide is exclusively for information and processes related to student data for the Fall PEIMS submission. Users needing to reference information and processes related to business data for the Fall PEIMS submissions should refer to the [TSDS PEIMS Fall Submission Data for Business](#) guide.

**IMPORTANT:** Some of the images and/or examples provided in this document are for informational purposes only and may not completely represent your LEA's process.

For a complete list of submission rules and edits, access the TSDS Web-Enabled Data Standards (**TWEDS**) website. In the top-right corner, select the appropriate **School Year** (20XX), **Collection** (XXXX), and **Submission** (XXX) and click **Open**.

Once on the TWEDS website, in the Overview tab, you can review **Collections**, **Timelines (DUE DATES)**, and **Data Submission Responsibilities**. It is **highly important** to ensure that you review all of these details as they may change according to the **School Year**.

Additionally, you can use the other tabs on the TWEDS website to review **Data Components**, **Descriptor Tables**, **References**, **Rules**, **Change Logs**, and **Early Notices**.

## Prerequisites

Before starting the verification process, ensure the following tasks have been completed within the respective applications:

### Security Administration

- Verify all roles and users are correct.

### Registration

- Local Programs set up in District Profile – See [QuickGuide: Local Programs](#)
- Set up Post Secondary Certification Licensure Table
- Assign Student UID Numbers
- Assign Census Block GEO IDs - See [QuickGuide: TEA Census Block Utility](#)
- Set Student At Risk Indicators - See [Set Student At Risk Indicators](#)

### Grade Reporting

- Clean up invalid course codes
- Set up [TSDS Crosswalks](#)

## I. Education Organization

For the PEIMS Fall Submission, the **Education Organization** domain provides information about any public school, charter, education service center, organization or agency.

| Entity                 | Data Elements                                                                                                                                                                                                                                                                                                                                                                                                         |

Use the following screens to verify and update the **Education Organization** data as needed.

**NameOfInstitution** is promoted from AskTED.

The **LocalEducationAgencyId** is stored in the database and cannot be edited. It is your local County/District number and can be viewed in the bottom left corner of your ASCENDER screen.

**LocalEducationAgencyCategory** is labeled **District Type**.

- If District Type is **I - Independent**, system exports **01 - School District**.
- If District Type is **C - Charter**, system exports **02 - Charter**.

**SchoolId** is a combination of the LocalEducationAgencyId and Campus ID without leading zeros.  
Example:

- LocalEducationAgencyId = 001908
- Campus ID = 001
- SchoolId = 1908001

## II. Finance (Budget)

For the PEIMS Fall Submission, the **Finance** domain provides the financial information captured in accounts (both actuals and budgeted). It is dependent on the **Education Organization** domain.

| Entity    | Data Elements                                                                                                                                                                                                                                                                                                           |

Use the [TSDS PEIMS Fall Submission Data for Business](#) guide to review this information.

### III. School Calendar

For the PEIMS Fall Submission, the **School Calendar** domain is not promoted to TSDS. However, it must be loaded into the IODS to satisfy domain dependencies required for the promotion of other data. This domain is dependent on the **Education Organization** domain.

| Entity   | Data Elements                                                                                            |
|----------|----------------------------------------------------------------------------------------------------------|
| Calendar | <ul style="list-style-type: none"> <li>SchoolYear</li> <li>CalendarCode</li> <li>CalendarType</li> </ul> |

Use the following screen to verify and update the **School Calendar** data as needed.

[Attendance > Maintenance > Campus > Campus Options](#)

The screenshot displays the 'Campus Options' form within the PEIMS Fall Submission interface. The form is divided into several sections:

- Top Bar:** Contains a 'Save' button, a 'Student Information' tab, and a 'School Year: 20--20' dropdown.
- Form Fields:**
  - Track:** A dropdown menu set to '01'.
  - Description:** A text field containing 'REGULAR'.
  - Buttons:** 'Retrieve' and 'Add' buttons are located to the right of the description field.
- Campus Options Section:**
  - Instructional Program Type:** A dropdown menu set to '01 Standard Program - 75600 Operational Minu'.
  - Grading Cycle Type:** A dropdown menu set to '6 2 Semesters 6 Weeks'.
  - AM/PM Flag:** A dropdown menu set to '1 ADA Attendance taken in A.M.'.
  - ADA Posting Period:** A text field set to '02'.
  - 1st Period Nbr:** A text field set to '01'.
  - Last Period Nbr:** A text field set to '08'.
  - Nbr of Periods:** A text field set to '08'.
- Alternate Days Section:**
  - Code:** A text field for entering an alternate day code.
  - Buttons:** 'Delete', 'Details', and 'Code' buttons are located below the code field.
  - Footer:** A green box containing a trash icon, a magnifying glass icon, and an 'Add' button with a plus sign.

## IV. Alternative and Supplemental Services (Programs offered by the District)

For the PEIMS Fall Submission, the **Program** entity represents any program designed to work in conjunction with, or as a supplement to, the main academic program. Programs may provide instruction, training, services, or benefits through federal, state, or local agencies. This domain is dependent on the **Education Organization** domain.

| Entity  | Data Elements                                                                                              |
|---------|------------------------------------------------------------------------------------------------------------|
| Program | <ul style="list-style-type: none"><li>• SchoolYear</li><li>• CalendarCode</li><li>• CalendarType</li></ul> |

The **ProgramType** is not visible in ASCENDER. These values are determined by and stored in the database.

---

## V. Staff (Demographics and Days Employed)

For the PEIMS Fall Submission, the **Staff** domain represents the education organization an employee, contractor, volunteer, or other service provider is formally associated with, typically indicated by which organization the staff member has a services contract with or receives their compensation. This domain is dependent on the **School** Calendar domain.

| Entity                                          | Data Elements                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |

Use the [TSDS PEIMS Fall Submission Data for Business](#) guide to review this information.

## VI. Student Identification and Demographic (Basic Demographics, Census Block, and Crisis Events)

For the PEIMS Fall Submission, the **Student** contains basic student information. A student is a person who has been enrolled in a school or other educational institution. This domain is dependent on the **School Calendar** domain and **Alternative and Supplemental Services** domain and entities.

| Entity  | Data Elements                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |

### RECOMMENDATIONS:

- Delete any course sections that have no students enrolled and are not in use. This prevents the system from sending incorrect or unnecessary data during processing.
- For districts that use the multi-period scheduling for elementary grade report, each subject should have a unique period. This is recommended by the TEA for classroom linking.

Use the following reports to verify the **Teaching & Learning** data.

The **Course** and **CourseOffering** entities are a list of all current year courses for the local education agency (LEA). Use the **SGR0050 - District Master List (Grd Rptng)** to verify data elements in these entities.

Use the **SGR0110 - Master Schedule PEIMS Information** report to verify data elements reported in this entity.

**MonthlyMinutes** is not displayed in ASCENDER. The value is calculated using the section's **Days Met**, **Begin Time**, and **End Time** fields. If **Begin Time** and **End Time** are blank, the applicable TSDS Crosswalk is used to calculate the value:

- 042 - Responsibilities - From Campus/Period to Minutes
- 043 - Responsibilities - From Campus/Service ID to Minutes

Crosswalk Type: 042 Responsibilities - From Campus/Period to Minutes

**NOTE:** Several fields exist on both the district and campus master schedules. These fields only need to be updated in the campus master schedule if they require different values than the district master schedule.

- If the field in the campus master schedule (section record) contains data, that value is extracted.
- If the field is blank in the campus master schedule (section record), the district value is extracted.
- Under District Information, district-level settings are displayed for your information.

## X. Enrollment

For the PEIMS Fall Submission, the **Enrollment** domain provides the enrollment and withdrawal information for a student and the relationship between a particular education organization. This domain is dependent on the **Student Identification and Demographics** domain and entities.

| Entity                   | Data Elements                                                                                                                                                                                                                                               |

## XI. Student Identification and Demographics (Additional

## Demographics and Characteristics)

For the PEIMS Fall Submission, the **StudentEducationOrganizationAssociation** entity captures demographic and similar characteristics of a student that are specific to a student's relationship with a particular education organization. This domain is dependent on the **Enrollment** domain.

| Entity                                  | Data Elements                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

**NOTE:** For mass updates to Local Programs, use the [Registration > Utilities > Reset Values utility](#). Refer to the **Adding a local program** section.

## [Registration > Maintenance > Student Enrollment > PK Enroll](#)

The screenshot displays the 'PK Enroll' form with two main sections: 'PK Program' and 'PK Funding Source'. Both sections have a table with columns for 'Delete', 'Details', 'Campus', 'Entry Date', 'Exit Date', and 'PK Program' (or 'Fund Source'). Below each table is an 'Add' button. The 'PK Program' section shows a record with Campus 101, Entry Date 08-05-20, Exit Date --, and PK Program 02. The 'PK Funding Source' section shows a record with Campus 101, Entry Date 08-05-20, Exit Date --, Fund Order 1, and Fund Source 5. At the bottom of each section are input fields for Campus, Entry Date, Exit Date, and a dropdown for PK Program Code or Fund Source.

- [In-District Campus Transfer Considerations](#)

### In-District Campus Transfer Considerations

When a student transfers from one campus to another within the district, the system manages different types of student data (Elements, Characteristics, and Programs) in one of two ways.

It is critical to know which items require manual attention to ensure the student's record is correct at the new campus.

**Elements/Programs that are NOT Automatic (Requires Manual Reentry)** These specific Elements, Characteristics, or Programs are **automatically exited** on the student's record at the old campus upon transfer. The new campus **must manually re-enter** a new record for these items with the appropriate **Begin Date** to restart the service/status.

- Early Reading Indicator
- Unschooled Asylee Refugee
- Adult Previous Attendance
- Full Time Hybrid Virtual Program
- Dyslexia Risk
- Dyslexia Services

- Local Programs
- PK Program
- PK Fund Source

**WARNING:** If the element or program is not manually reentered, the student will not be reported as participating in that service at the new campus.

**Elements/Programs that ARE Automatic (Transfer with the Student)** These specific Elements, Characteristics, or Programs automatically re-enter/transfer with the student to the new campus. The End Date at the old campus is automatically calculated, and the Begin Date at the new campus is automatically set to the transfer date (first instructional day at the new campus).

No manual reentry is required.

## XII. Alternative and Supplemental Services (Student Specific Information)

For the PEIMS Fall Submission, the **Alternative and Supplemental Services** domain provides program information such as Title I, Special Education, and Emergent Bilingual. This domain is dependent on the **Student Identification and Demographics** domain and entities.

| Entity                                       | Data Elements                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |

## Publish and Review Data in ASCENDER DataConnect

Use the ASCENDER DataConnect (ADC) tool to publish the data to the IODS and review any Level 1 errors(see the [ASCENDER DataConnect \(ADC\): Level 1 Errors Guide](#)). Correct the applicable source data in ASCENDER, publish the data again (see the [Quick Guide: ASCENDER DataConnect \(ADC\) - Create New Run](#), and verify in ADC that the errors have been resolved.
