# TSDS PEIMS Fall Submission Data for Business

**Created:** 10/1/2024

**Reviewed:** 09/08/2025

**Revised:** 09/08/2025

This document outlines key Business data that is submitted during the Public Education Information Management System (PEIMS) Fall Submission and used by the Texas Education Agency (TEA). As the year progresses, this document may be updated to include additional fields of data.

For more information about the TSDS reporting process, review the **TSDS Training Materials** webpage:

<https://www.texasstudentdatasystem.org/tsds/about/training-and-support/tsds-training-materials>

This document assumes you are familiar with the basic features of the ASCENDER Business system and have reviewed the [ASCENDER Business Overview guide](#).

Some of the images and/or examples provided in this document are for informational purposes only and may not completely represent your LEA's process.

For a complete list of submission rules and edits, access the TSDS Web-Enabled Data Standards (**TWEDS**) website:

<https://tealprod.tea.state.tx.us/TWEDSAPI/30/0/0/Overview?IntroductionId=952>. In the top-right corner, select the appropriate **School Year** (20XX), **Collection** (PEIMS), and **Submission** (Fall) and click **Open**.

Once on the TWEDS website, in the Overview tab, you can review **Collections**, **Timelines (DUE DATES)**, and **Data Submission Responsibilities**. It is **highly important** to ensure that you review all of these details as they may change according to the **School Year**.

Additionally, you can use the other tabs on the TWEDS website to review **Data Components**, **Descriptor Tables**, **References**, **Rules**, **Change Logs**, and **Early Notices**.

## Prerequisites

Review the following and take action as needed:

- Ensure applicable employees have the correct roles and permissions in ASCENDER Security Administration to access pages needed for TSDS reporting.
- Review [TSDS Best Practices for New Employee Records](#).
- Review [TSDS Best Practices for Terminated Employee Records](#).
- Create responsibility records in Personnel for staff whose **Staff Service** begins with "S." Review the [Responsibilities - Quick Reference Chart](#).

\* The underlined text indicates the domain's submission level as it appears on the District Administration > Options > TSDS > Domains & Entities page.

## I. Education Organization Domain

### First Level Submission

Review TSDS Web-Enabled Data Standards for the **Education Organization** domain.

The Education Organization domain includes information about public, charter, education service center, organization, or agency.

Information from AskTED is imported into the Operational Data Store (ODS). As you send data, TEA matches the School ID (county district number) to existing district and campus information to ensure that the reported data is credited to the correct Local Education Agency (LEA).

1. [Verify district information for current/prior school year](#).

### **Verify district information for current/prior school year**

[District Administration](#) > [Tables](#) > [District Information](#) > [District Name/Address](#)

In the **Year** field, type the four-digit school year for which you want to add or retrieve data and click **Retrieve**.

Verify the **ESC Region Number** and **ESC County District Number** are accurate. The **ESC County District Number** is the six-digit ESC county district number assigned by Texas Education Agency (TEA).

[ESC County District Numbers](#)

Click **Save** for each year; each year is a separate record.

2. [Verify campus information/exclude non-instructional campuses from reporting.](#)

**Verify campus information/exclude non-instructional campuses from reporting**

[District Administration > Tables > District Information > Campus Name/Address](#)

Ensure the **Exclude from reporting to TEA** checkbox is selected for all non-instructional campuses/departments to exclude them from being reported to TEA.

The screenshot shows a web application interface for District Administration. At the top, there is a navigation bar with 'Tables > District Information' and 'District Administration'. Below this, there is a 'Year' field set to '2026' and buttons for 'Retrieve' and 'Save'. A menu bar includes 'DISTRICT NAME / ADDRESS', 'CAMPUS NAME / ADDRESS' (which is selected), 'PAYROLL FREQUENCIES', 'REPORTING CONTACT', 'SHARED SERVICES ARRANGEMENT', and 'FUND BALANCES'. Under the 'CAMPUS NAME / ADDRESS' tab, there is a 'Campus' dropdown menu set to '999 - 999 School' and buttons for 'Retrieve', 'Add', 'Delete', and 'Print'. The main form area contains fields for:
 

- Campus ID: 999
- Campus Name: 999 School
- Street Nbr: 1407, Street Name: 999 Street
- City: Alamo City, State: TX - Texas, Zip: 95095
- Phone and Fax fields with parentheses and dashes.
- An 'Exclude from reporting to TEA' checkbox which is checked.

- In the **Year** field, type the four-digit school year for which you want to add or retrieve data and click **Retrieve**. The **Year** is automatically updated when the Fiscal Year Close process is completed in Finance.
- Retrieve each campus record and confirm that the address and phone numbers are accurate.
- Review the following guidelines as consideration for selecting the **Exclude from reporting to TEA** checkbox:
  - Instructional campuses listed in [AskTed](#) (001, 041, 101, etc.) should **not** have the **Exclude from reporting to TEA** checkbox selected.
  - Non-instructional campuses (701, 750, 999, and other campuses or departments needed for purchasing) should have **Exclude from reporting to TEA** selected.
  - **Education Service Centers (ESCs)**: Exclude all campuses from TEA reporting.
  - **Business-only LEAs**: Exclude all campuses from TEA reporting.
- Click **Save** for each campus; each campus is a separate record.

3. [Verify Shared Services Arrangements, as needed.](#)

**Verify Shared Services Arrangements, as needed**

[District Administration > Tables > District Information > Shared Services Arrangement](#)

The screenshot shows a web application interface for District Administration. At the top, there's a navigation bar with 'District Administration' and a home icon. Below it, a breadcrumb trail reads 'Tables > District Information'. A 'Year' field is set to '2026', with 'Retrieve' and 'Save' buttons. A menu of tabs includes 'DISTRICT NAME / ADDRESS', 'CAMPUS NAME / ADDRESS', 'PAYROLL FREQUENCIES', 'REPORTING CONTACT', 'SHARED SERVICES ARRANGEMENT' (which is selected), 'FUND BALANCES', 'FALL FINANCE TSDS DATA', and 'PRIOR SHARED SERVICES ARRANGEMENT'. Under the 'Shared Services Arrangements' section, there's a table with columns 'Delete', 'Shared Services Type', and 'Fiscal Agent District ID'. One row is visible with '02' in the second column and '001-904' in the third. An 'Add' button is at the bottom right of the table area.

In the **Year** field, type the four-digit reporting year for which you want to add or retrieve data and click **Retrieve**. For example, the reporting year for the 2025-2026 school year is 2026.

Under **Shared Services Arrangements**, enter all Shared Services Arrangements for which the LEA is a member or the fiscal agent. Indicate the **Shared Services Type** and **Fiscal Agent District ID**.

**Note:** Since each year is entered on this tab, there are not separate tabs for the current and prior years as in previous years.

Click **Save**.

## II. Staff Domain

### Second Level Submission

Review TSDS Web-Enabled Data Standards for the **Staff** domain.

The Staff Domain includes general staff information for a Local Education Agency (LEA).

This section provides you with a clear view of all the Business fields included in the Staff Domain for Fall PEIMS reporting. The information is organized by where it exists in the system (application, menu, page, and tab). This will help you easily locate and correct data as needed. You can also generate user-created reports to assist you in verifying data.

1. Personnel

## Personnel Report

[Personnel](#) > [Reports](#) > [Personnel Reports](#) > [HRS1250 - Employee Data Listing](#)

This report allows you to verify demographic, responsibilities, salary, and account data for employees, one employee per page.

Use the **Include Reports** parameter to select *Personnel, Job, Responsibility, and Distributions*.

**TIP:** You can also generate user-created reports to assist you in verifying data.

The screenshot shows the 'HRS1250 - Employee Data Listing' configuration page. On the left, there is a list of report types under 'Personnel Reports'. The main area contains a table for configuring the report parameters:

| Parameter Description  | Value                 |
|--|-----------------------|
| Sort by Alpha (A), Pay Campus (C), Primary Campus (P)          | A                     |

| To Last Name (3 letters)                                       |                       |
| Pay Status Active (A), Inactive (I), or blank for ALL          |                       |
| Pay Type 1-4, or blank for ALL                                 |                       |
| Select Pay Campus(es), or blank for ALL                        |                       |
| Select Primary Campus(es), or blank for ALL                    |                       |
| Select Extract ID(s), or blank for ALL                         |                       |
| Select Employee(s), or blank for ALL                           |                       |
| E-mail Subject   |                       |
| E-mail Message   |                       |
| From Pay Date (MMDDYYYY), or blank for ALL                     |                       |
| To Pay Date (MMDDYYYY), or blank for ALL                       |                       |
| Select Frequency   |                       |

The 'Include Reports' dropdown menu is open, showing the following options:

- Personnel
- Payroll
- Job
- TRS
- Calendar YTD
- School YTD
- Leave
- Deduction
- Distribution
- Responsibility
- Permit

**TIP:** All new staff should be entered in Personnel and Payroll on the same day by 6pm (if possible). If the required staff data is not available or cannot be entered the same day, the recommended best practice is to set the **Employee Status** field to *0 - Pending* to prevent the record from being included in the overnight extract with incomplete information. Be sure to review [TSDS Best Practices for New Employee Records](#).

## Personnel

[Personnel > Maintenance > Staff Demo > Demographic Information](#)

The screenshot shows the 'Personnel' form in the ASCENDER system. The top navigation bar includes 'Maintenance > Staff Demo' and 'Personnel'. Below the navigation bar, there are buttons for 'Save', 'Retrieve', 'Directory', 'Add Emp', and 'TSDS Unique ID'. The form is divided into several tabs: 'DEMOGRAPHIC INFORMATION', 'CREDENTIALS', 'VERIFICATION', 'INSURANCE', 'SERVICE RECORD', and 'RESPONSIBILITY'. The 'DEMOGRAPHIC INFORMATION' tab is active. The form contains the following fields and sections:

- Staff ID/SSN:** A text input field with a red box around it.
- Texas Unique Staff ID:** A text input field with a red box around it.
- Last Change:** 08-02-2024
- Name Section:** A group of fields with red boxes around them:
  - Legal:** A dropdown menu and a text input field.
  - Former:** A dropdown menu and a text input field.
  - Title, First, Middle, Last, Generation:** Text input fields.
  - Maiden Name:** A text input field.
- Sex:** A dropdown menu set to 'F Female' with a red box around it.
- DOB:** A text input field set to '06-09-1954' with a red box around it.
- Citizenship:** A checked checkbox.
- Driver's License:** A text input field.
- DL State:** A dropdown menu set to 'TX Texas'.
- Marital Stat:** A dropdown menu set to 'M Married'.
- Deceased:** An unchecked checkbox.
- DL Expir Date:** A text input field set to '00-00-0000'.
- Other Language:** An unchecked checkbox.
- Ethnicity:** A section with a red box around it containing 'Hispanic/Latino' with an unchecked checkbox.
- Race (check all that apply; must select at least one):** A section with a red box around it containing:
  - American Indian Alaskan Native (unchecked)
  - Native Hawaiian Pacific Islander (unchecked)
  - Asian (unchecked)
  - White (checked)
  - Black African American (unchecked)

When adding new Personnel and Payroll records in ASCENDER, **it is highly recommended** to create the records on the same day. This allows the **Begin** and **End Dates** to be extracted correctly during the automatic extract at 6 PM. Verify that the following fields are complete:

- **Staff ID/SSN**
- **Texas Unique Staff ID**
- **First, Middle, and Last Name**
- **Generation**
- **Sex**
- **DOB**
- **Ethnicity** (if applicable)
- **Race (check all that apply; must select at least one)**

[Personnel](#) > [Utilities](#) > [Mass Update](#) > [Responsibility](#)

**TIP:** Before running a mass update, enter an **End Date** on the responsibility records for any employees who have been terminated or reassigned. This prevents ended responsibilities from being copied forward.

The screenshot shows a web application interface for 'Personnel' with a 'Mass Update' section. The 'Parameters' area includes radio buttons for 'Active', 'Inactive', and 'Both' (selected), and dropdown menus for 'Pay Type', 'Job Code', 'Accrual Code', 'Primary Campus', 'Pay Campus', 'Contract Begin Date', 'Contract End Date', 'Contract Months', 'Payoff Date', 'Frequency', 'Salary Concept', 'Extract ID', and 'Employee Nbr'. There is also a 'Reset' button. Below this is a 'Copy' section with a table for 'From' and 'To' school years, and an 'Execute' button.

Under **Parameters**, select the appropriate parameters for the employees whose responsibility data is to be updated.

Under **Copy**, in the **School Year** field:

|             |   |
|-------------|---|
| <b>From</b> | Type the school year from which you want to copy responsibility records in the YYYY format. |
| <b>To</b>   | Type the school to which you want to copy responsibility records in the YYYY format.        |

**Note:** The **From School Year** is the prior year and the **To School Year** is the current year.

Click **Execute** to execute the process. A preview report is displayed. The report only lists available responsibilities to be copied based on the set parameters. Duplicates are not allowed. [Review the report.](#)

Click **Process** to proceed.

A message is displayed indicating that the process was completed successfully.

**Notes:**

- Employees can have multiple responsibility records for the same year, provided that each record has a different **Staff Service** value.
- Verify that the **School Year for PEIMS Codes** is the current PEIMS school year that you are working in. If the **School Year for PEIMS Codes** field needs to be updated, changes can be made on the [Personnel > Tables > District HR Options](#) page.

- **Campus**
- **Co-op/SSA LEA** - Co-op staff should be reported by the fiscal agent. Type the nine-digit ID (six-digit district ID + three-digit campus ID) to identify the LEA (district and campus) where the SSA/Co-op employees has work assignment records if other than their home district/campus. If this field is populated, then the **Campus** field should be blank and vice versa.
- **Staff Classification** - This field is previously known as **Role ID** and identifies the capacity in which a person serves.
- **ESC/SSA** - This field can be blank if it is not applicable.
- **Staff Service** - Refers to the services supplied by staff.
- **SPED Student Age Range**
- **Pop Served**
- **Monthly Minutes** - The total minutes devoted to a particular service in a standard month. A standard month is the four weeks in October, including the PEIMS Fall snapshot date (last Friday in October). For example, a class taught for one hour every day would report 1,200 monthly minutes (60 minutes x 5 days x 4 weeks). This field cannot be

blank, default value is 00000.

- **# of Students** (in class) - This field cannot be blank, default value is 0.
- **Begin Date**
- **End Date**- An end date is not required for the 2025 record unless the employee is terminated, no longer in the position, or the record should be excluded from the Mass Update process.
  - If an **End Date** is entered, the record will not be copied from 2025 to 2026 during the year-to-year Mass Update.
  - If the employee is continuing in the same position, create a 2026 record so it will be included in the submission.

**TIPS:**

- Responsibility records with a Staff Service that begins with SE must have **Pop Served** set to 06.
- Responsibility records for aides must have **Number of Students** set to 0.

Personnel > Maintenance > Employment Info

To ensure that an employee's TSDS Days Employed Set is calculated correctly and to prevent

employees from being included on the Unaffiliated Staff list in TSDS, verify that the following fields are complete:

- **Employee Status** - Staff records with a pay type of 1-5, A are extracted for TSDS reporting if the **Employee Status** is *1 - Active professional, 2 - Active auxiliary per, 3 - Retired, 4 - Resigned, 5 - On Leave, or A - Long Term Substitute*.
- **Original Emp Date** - The original date on which the individual was employed by the LEA.
- **Latest Re-Employ Date** - Complete this field if the employee worked for the LEA, left the LEA, and then returned. **Note:** Do not delete the **Original Emp Date** but do delete **Termination Date** and **Termination Reason**.
- **Termination Date** - Type the date that the termination of the employee went into effect. The termination date and reason are used to exclude the employee from TEA reporting.
- **Termination Reason** - Click ▼ to select the reason the employee was terminated. The termination date and reason are used to exclude the employee from TEA reporting.
- **Extract for TSDS** - Select to include the employee in TSDS Staff Domain extracts regardless of their employment status. This allows those individuals with a **Not Employed** status to be included in the TSDS extract process. This option is useful for job abandonment instances where a termination date must be entered.
- **Percent Day Employed** - Type the percentage of a standard district workday for which the employee is hired to work. For an employee on contract, the percentage can be determined directly from the contract: full-time = 100, half-time = 050, and so on. For a non-contract employee, the percentage can be determined as follows. For example, the standard workday for the LEA is 7 hours. An employee is hired to work for 4 hours per day. This data element is coded as 057 for the employee because  $4/7 = .571$  is rounded down. Employees such as cafeteria workers and bus drivers who work only a few hours each day should not be reported as 100 in this field. Consider the number of hours worked in relation to the standard LEA workday, not the job. The field can be a maximum of three digits.
- **Pct Day Employed Effective Date** - Reflects the employee's start date or date of hire or the effective date of when an employee's percent day employed is changed.
- **Highest Degree**
- **Total Years Professional Experience**
- **Total Years Experience In District** (professional staff only)
- **TRA Teaching Experience** - Type the two-digit number of verifiable years of teaching experience as a classroom teacher as described in TEC §48.158. The field default is zero.
- **TRA Eligibility** - Select to indicate the local education agency (LEA) has determined the teacher (StaffClassification is 087) is employed by a school system and teaches not less than an average of four hours each day, in an academic instructional setting or a career and technology educational setting.
- **Auxiliary Role ID, Begin Date and End Date**, if applicable (TSDS = Staff Classification)- Complete this field for auxiliary staff (not aides) paid from 6129. Only one auxiliary role should be active at a time. If an employee serves in multiple auxiliary capacities, only the primary duty should be reported.

For TSDS reporting, leave the **End Date** field blank until the role officially ends. The end date should reflect the first day after the last day a non-exempt auxiliary staff was assigned to the AuxiliaryRoleId descriptor (i.e., the day after the last day the employee held the position).

**Note:** Professional and paraprofessional staff may also be reported with an Auxiliary Role

ID if they serve the LEA in a non-professional or non-paraprofessional role. A classroom teacher (Staff Classification 087) who also drives a bus route for the school would require an Auxiliary Role ID to be reported. In this case, the employee would have at least two payroll accounting entries; one with object code 6119 and one with object code 6129.

As there may be duplication between Staff Classification and Auxiliary Role ID, the LEA must use its discretion in determining if the employee is serving in a professional or non-professional capacity.

- **Paraprofessional Certification, Begin Date and End Date**, if applicable - For TSDS reporting, leave the **End Date** field blank until the certification expires. The end date should reflect the day after the last day a para-professional staff was certified (i.e., the day after the last day that the certification was valid). An employee should generally have only one active certification for the current year, though a recently expired certification may still be displayed.

#### TIPS:

- Ensure that all certifications that have ended have an **End Date**. Delete any expired certifications from previous years.
- To keep historical certification records for reference, move them to the [Personnel > Maintenance > Staff Demo > Credentials](#) tab.

#### [Personnel > Maintenance > TSDS Days Employed Set](#)

This page is used to keep a record of the number of days an employee has been employed for TSDS reporting purposes and manage begin/end dates if corrections are necessary.

This page only applies to employees with **Employee Status** 1, 2, 3, 4, 5, or A as listed on the [Personnel > Maintenance > Employment Info](#) page. Each record displays the percent of day employed, the TSDS number of days employed, the begin and end dates, a date timestamp indicating when the record was created, and the module within the system where the update originated. A record is created whenever the number of days employed or percent of day employed is changed. Only one record without an end date is allowed. Note that the **# of Days Employed** will be calculated each day during the automatic extract at 6 PM even if a manual extract and send is executed in District Administration.

This information is reported in the TSDS `StaffEducationOrganizationEmploymentAssociation>DaysEmployedSet` and records the percent and number of days employed by the employee as well as the begin date and end date associated with the *PercentDaysEmployed* and *NumberDaysEmployed* data elements.

2. Payroll

**Payroll**

Payroll > Maintenance > Staff Job/Pay Data > Job Info

- **Job Code**
- **Total** - This field must be completed for employees with pay types 1, 2, and 3. For Pay Type 3 (hourly employees), enter an estimate of the annual salary.
- **Calendar/Local Info**
- **Begin Date** and **End Date**
- **# of Days Employed**: Note that the **# of Days Employed** will be calculated each day during the automatic extract at 6 PM even if a manual extract and send is executed in District Administration.

The TSDS Days Employed Set consists of the **Percent Day Employed** in Personnel and the **# of Days Empld** in Payroll. You can verify these days on the [Personnel > Maintenance > TSDS Days Employed Set](#) page.

- (If applicable) **Exclude Days for TEA** - If an employee has multiple jobs listed on this page, the system automatically calculates the total number of days worked across all jobs. For example, if a teacher works 187 days and has a secondary job as a bus driver for 180 days, by default, the system adds all days for a total of 367 days. This does not accurately reflect the actual number of days worked since the employee does not actually work 367 days. To ensure accurate reporting, it is recommended to only report the job with the highest number of days. For jobs with fewer days, select **Exclude Days for TEA** to prevent those days from being included in the total.

### 3. [Position Management](#)

## Position Management

[Position Management > Maintenance > PMIS Position Admin](#)

Ensure the **Exclude Days for TEA** checkbox is selected for all secondary jobs.

The screenshot shows the 'Maintenance > PMIS Position Admin' interface. At the top, there is a 'Save' button and a breadcrumb trail. Below that, there are input fields for 'Position Number' (5BUSDRIVER) and 'Position Description' (BUS DRIVER 216), along with 'Retrieve' and 'Add Position' buttons. A table lists several positions with columns for Delete, Details, Billet, Sch YR, Description, Status, Freq, Emp Nbr, First Name, Middle Name, Last Name, and Gen. The third row is highlighted in green. Below the table are navigation buttons (First, 1/3, Last) and an 'Add' button. At the bottom, there are tabs for 'POSITION RECORD', 'DISTRIBUTION', 'DATE', and 'BUDGET'. The 'Occupant' section shows details for Employee Nbr: 001304, Employee Name: MELODY RENEE PHILLIPS, and other fields. The 'Exclude Days for TEA' checkbox is checked and highlighted with a red box.

4. District Administration

**District Administration**

District Administration > Tables > District Information > District Name/Address

Add data for contracted instructional staff as needed.

The screenshot shows the 'District Administration' interface. At the top, there's a navigation bar with 'Tables > District Information' and 'District Administration'. Below this, there's a 'Year' field set to '2026' and a 'Retrieve' button. The main form is titled 'DISTRICT NAME / ADDRESS' and contains various input fields for district information, including District Name (TEXAS ISD), District County Name (TEXAS Cnty), District Type (C - Charter), District Website (www.esc20.net), District E-mail (info@esc20.net), ESC Region Number (10), ESC County District Number (057-950), Street Nbr (13328), Street Name (Lone Star Drive), City (Alamo City), State (TX - Texas), Zip (28178), Phone ((555) 586-0687), Fax ((555) 510-8413), and Superintendent (Mr. Jane Smith). At the bottom, there's a 'Contracted Instructional Staff' table with columns for 'Delete', 'Campus', 'Program Intent Code', and 'Nbr FTE'. The table contains one row with values '001', '25', and '1.00'. There are also 'Total Nbr School Board Requests' (0) and 'Total Cost School Board Requests' (50) fields.

In the **Year** field, type the four-digit school year for which you want to add or retrieve data and click **Retrieve**.

Under **Contracted Instructional Staff**, add records and complete the following fields:

- **Campus**
- **Program Intent Code** - Identifies the cost of instruction and other services directed toward a particular need of a specific set of students. The intent (the student group toward which the instructional or other service is directed) determines the CIStaffProgramIntent, not the demographic makeup of the students served.
- **Number of FTEs** - A standard measurement of the portion of professional contracted instructional staff expressed as a multiple of the standard workday, such as 7.7 FTEs. When calculating contracted instructional staff FTEs, the following items must be considered:
  - The percent of the day worked (the number of hours worked divided by the number of work hours in the standard day).

- The percent of days per week worked (the number of days worked divided by 5).
- The percentage of weeks worked (the number of weeks worked divided by the number of weeks in the work year).

For example, Mrs. Jones is hired on a contracted instructional staff basis to teach the tuba to three tuba players. Her contract specifies that she will work two hours each Monday and each Friday for the entire school year. Her FTE is 0.25 (two hours worked divided by the eight-hour work day in the district) multiplied by 0.40 (two days divided by five days) multiplied by 1.0 (36 weeks worked divided by the 36-week instructional year), for a reported FTE of 0.10.

**Note:** For information regarding Full-Time Equivalent (FTE) calculations, please refer to the TWEDS website.

- Select *3 - Contracted Professional Staff* if the staff member is a Contracted Professional (instructional and non-instructional).
- Select *4 - In-District Charter Prtrnr Campus Teacher* if the staff member is a teacher employed at an In-district Charter Partner Campus.

**Notes:**

- Typically for staff paid out of Finance, not Payroll.
- A non-employee cannot have the same Social Security Number and Texas Unique Staff ID as an active employee in Personnel or Payroll.

Full-time equivalents (FTEs) are calculated in the following manner:

- If *NumberDaysEmployed* is greater than or equal to 187, then  $FTE = \frac{PercentDayEmployed}{100}$ .
- If *NumberDaysEmployed* is less than 187, then  $FTE = \frac{PercentDayEmployed}{100} \times \frac{NumberDaysEmployed}{187}$

Base Salary is the total of all *PayrollAmount* where *PayrollActivity* is 80 (Base Salary).

FTE Salary is Base Salary divided by FTE.

### III. Finance Domain

#### Third Level Submission

Review TSDS Web-Enabled Data Standards for the **Finance** domain.

The Finance domain includes financial information captured in accounts (both actuals and budgeted).

### 1. [Add crosswalks.](#)

## Add crosswalks

[Finance](#) > [Tables](#) > [TSDS Crosswalks](#)

Map financial data from the LEA's set of accounts to TEA's Chart of Accounts for both the current and previous file IDs.

- Verify the TSDS crosswalks are correct.
- Verify that there are not crosswalks for the automatic crosswalks processed by ASCENDER.
- Review the **Automatic Crosswalks** section on the [Finance TSDS Crosswalk Tables](#) page.

- If a crosswalk is created on this page, it will be used and applied throughout the TSDS reporting process.
- Automatic crosswalks are applied **AFTER** crosswalks created on this page are applied.
- If you choose to use crosswalks, note that no updates are made to the Finance application. Any updates must be made manually in the Finance application.

As an example, a one-campus LEA that budgets and books expenditure records to campuses 101 and 001 should establish a crosswalk to move expenditures from Organization code 101 to Organization code 001.

**TIP:** When performing a crosswalk, note that it transfers all items from the old to the new. For example, if using *040 Budget - From Org to Org* and you move Org 101 to Org 001, all line items from Organization code 101 will be moved to Organization code 001, not just a specific line item.

2. [Verify Budget data.](#)

**Verify Budget data**

Budget data is extracted from Finance for applicable funds. The totals include entries made into the system until the end of October or accounting period 10. It is

recommended that all budget amendments be entered by the PEIMS Fall Snapshot date, which is the last Friday in October.

The screenshot shows the 'GENERAL LEDGER ACCOUNT SUMMARY' interface. At the top, there are navigation tabs: 'GENERAL LEDGER INQUIRY', 'GENERAL LEDGER ACCOUNT SUMMARY' (selected), 'EMPLOYEE DISTRIBUTION LIST INQUIRY', and 'OVER EXPENDED ACCOUNT SUMMARY'. Below the tabs are several checkboxes: 'Processed' (checked), 'Current Period: 09' (checked), 'Next Period: 09' (checked), 'Balance Accounts Only' (unchecked), 'Include Fund Totals' (unchecked), and 'Exclude Objects 61XX' (unchecked). There is an 'Account Code' field with dropdown menus for Fund (XXX), Func (XX), Obj (XXXX), Sobj (XX), Org (XXX), and Prog (X, XX, X, XX). 'Retrieve' and 'Reset' buttons are present. The main data area shows a table with columns: Account Number, Description, Est Revenue/Appropriation, Encumbrance, Rlzd Revenue/Expenditure, and Balance. The table lists several salary-related entries. A black arrow points to the 'ISD' field in the 'Inquiry Information for All Accounts' section.

This tab is used to retrieve and edit Fall TSDS financial data, allowing for corrections to Budget and Payroll data in the TSDS staging tables. The staging area temporarily holds data before it is submitted to the Texas Education Agency (TEA) (i.e., promoted to the Operational Data Store (ODS)).

The data on this tab is obtained from the latest Fall extracts after period 10 is closed, incorporating all TSDS crosswalks, automatic crosswalks, and data summaries.

Accounts are summarized by fund, function, object class (6100), organization, and program intent code. For instance, 199-11-6119.00-001-511000 will display as 199 11 6100 001 11. Users should cross-reference balances with the Finance application and may need to combine amounts to ensure accurate budget reporting.

### Notes:

- Data cannot be duplicated. Duplicated data will receive an error upon submission.
- Enter data carefully on this tab. Incorrect or improperly formatted data may cause errors upon submission.

### TSDS Extract Notes:

The budget and payroll data extracts are run nightly along with the other TSDS extracts until accounting period 10 (October) is closed in Finance.

- After period 10 (October) closes, the budget and payroll data extracts are paused for the current school year.
- After period 10 (October) closes and the nightly extract is run, the Fall Finance TSDS Data tab in District Administration is enabled allowing users to begin making corrections to budget and payroll data.

### [Finance TSDS Crosswalk Tables](#)

- Click to select *1 - Budget*.
- In the **Unique Staff ID** field, type the 10-digit unique staff ID assigned to the staff member by the Texas Education Agency and click **Retrieve**.
- Make any necessary budget corrections (such as code or amount changes) to the Budget data in the TSDS staging tables.
- Click **Save**.

### Notes:

#### Budget Data with an ODS ID

- To delete a previously submitted record, set its amount to zero and insert a new record with the correct data. This will mark the record for deletion and

resubmission.

- Account codes (rows) are validated to prevent duplicate records.

The following data is reported:

- **Amount** - Indicates the dollar value paid to a staff member for a given payroll activity per year.
- **Account Code** -
  - **Fund** - Identifies the fund group and specific fund (when applicable) for the staff payroll financial data.
  - **Function** - Identifies a general operational area and groups together related activities.
  - **Object** - Identifies an account, a transaction, or a source of funds. It indicates the major account group to which a transaction is posted or the associated monies are related.
  - **Organization** - Identifies the unique organizational unit within the local education agency with which the account is associated. For campuses, this is the three-digit campus number registered with the Texas Education Agency. For non-campus, this must be one of the administrative units required in the Resource Guide, or 998 or 999.
  - **Fiscal Year** - The last digit of the fiscal year (e.g., the fiscal year is 6 for the 2025-2026 fiscal year).
  - **Program Intent** - Identifies the cost of instruction and other services directed toward a particular need of a specific set of students. The intent (the student group toward which the instructional or other service is directed) determines the PayrollProgramIntent, not the demographic makeup of the students served.
  - **Activity Code** - Indicates the types of duty for which a staff member receives a salary, salary supplements, or bonuses. PayrollActivity does NOT include fringe benefits such as group health and life insurance, workmen's compensation, sick leave, and others under Object value 6140.
