PEIMS Mid-Year Submission Data for Business

Created: 10/1/2024

Reviewed: 11/21/2025

Revised: In Progress

This document outlines key Business data that is submitted during the Public Education Information Management System (PEIMS) Mid-Year Submission and used by the Texas Education Agency (TEA). The Mid-Year Submission (Collection 2) is a report of actual financial data for the prior school year. As the year progresses, this document may be updated to include additional fields of data.

This document assumes you are familiar with the basic features of the ASCENDER Business system and have reviewed the [ASCENDER Business Overview guide](#).

Some of the images and/or examples provided in this document are for informational purposes only and may not completely represent your LEA's process.

For a complete list of submission rules and edits, access the TSDS Web-Enabled Data Standards (**TWEDS**) website:

<https://www.texasstudentdatasystem.org/tsds/teds/tweds-upgrade>. In the top-right corner, select the appropriate **School Year** (20XX), **Collection** (PEIMS), and **Submission** (Fall) and click **Open**.

Once on the TWEDS website, in the Overview tab, you can review **Collections**, **Timelines (DUE DATES)**, and **Data Submission Responsibilities**. It is **highly important** to ensure that you review all of these details as they may change according to the **School Year**.

Additionally, you can use the other tabs on the TWEDS website to review **Data Components**, **Descriptor Tables**, **References**, **Rules**, **Change Logs**, and **Early Notices**.

Prerequisites

Review the following and take action as needed:

- ☐ Ensure applicable employees have the correct roles and permissions in ASCENDER Security Administration to access pages needed for TSDS reporting.

I. Education Organization Domain

The Education Organization domain includes information about public, charter, education service center, organization, or agency.

Information from AskTED is imported into the Operational Data Store (ODS). As you send data, TEA matches the School ID (county district number) to existing district and campus information to ensure that the reported data is credited to the correct Local Education Agency (LEA).

The following steps are managed by school year.

- ☐ In the **Year** field, type the four-digit ending year of the desired school year (e.g., enter 2027 for the 2026–2027 school year).
- ☐ Click **Retrieve**.
- ☐ Verify the **ESC Region Number** and **ESC County District Number** are accurate. The **ESC**

County District Number is the six-digit ESC county district number assigned by Texas Education Agency (TEA).

☐ Click **Save** for each year; each year is a separate record.

2. Verify campus information/exclude non-instructional campuses from reporting.

Verify campus information/exclude non-instructional campuses from reporting

[District Administration > Tables > District Information > Campus Name/Address](#)

Ensure the **Exclude from reporting to TEA** checkbox is selected for all non-instructional campuses/departments to exclude them from being reported to TEA.

The screenshot shows the 'District Administration' interface. At the top, there's a green header with 'Tables > District Information' and a dropdown for 'District Administration'. Below this, there's a 'Year' field set to '2027' with 'Retrieve' and 'Save' buttons. A tabbed interface shows 'CAMPUS NAME / ADDRESS' as the active tab. Below the tabs, there's a 'Campus' dropdown set to '801 - 801 School' with 'Retrieve', 'Add', 'Delete', and 'Print' buttons. The form fields include: 'Campus ID' (801), 'Campus Name' (801 School), 'Street Nbr' (empty), 'Street Name' (801 Street), 'City' (empty), 'State' (TX - Texas), 'Zip' (empty), 'Phone' (empty), 'Fax' (empty), and 'Exclude from reporting to TEA' (checked).

☐ In the **Year** field, type the four-digit ending year of the desired school year (e.g., enter 2027 for the 2026–2027 school year) for which you want to add or retrieve data and click **Retrieve**. The **Year** is automatically updated when the Fiscal Year Close process is completed in Finance.

☐ Retrieve each campus record as each campus is a separate record.

☐ Review the following guidelines as consideration for selecting the **Exclude from reporting to TEA** checkbox:

- Instructional campuses listed in [AskTed](#) (001, 041, 101, etc.) should **not** have the **Exclude from reporting to TEA** checkbox selected.
- Non-instructional campuses (701, 750, 999, and other campuses or departments needed for purchasing) should have **Exclude from reporting to TEA** selected.
- **Education Service Centers (ESCs)**: Exclude all campuses from TEA reporting.
- **Business-only LEAs**: Exclude all campuses from TEA reporting.

❑ Click **Save** for each campus.

3. Enter and verify prior Shared Services Arrangements, as needed.

Enter and verify prior Shared Services Arrangements, as needed

District Administration > Tables > District Information > Prior Shared Services Arrangement

(Fiscal Agents) SSA fiscal agents will also enter SSA actual expenditures for the prior fiscal year on this tab. These amounts should represent the amount spent on behalf of each member district, not the amount transferred by the member LEA. This data is reported during the PEIMS Mid-Year Submission. For additional guidance, review the PriorYearSSAOrgAssociationExt Entity in the C049A table on the TWEDS website.

- ☐ Under **Prior Shared Services Arrangements** (left side of page), enter all Shared Services Arrangements for which the LEA is a member or fiscal agent.
 - **Shared Services Type** (E0776) (Descriptor C049) is the type of program or service provided by an SSA.
 - **Fiscal Agent District ID** (E0777) is the county-district number of the SSA fiscal agent registered with the TEA.
 - If the LEA is the Fiscal Agent of the SSA, click the spyglass for that SSA record.
- ☐ Under **Shared Services Arrangement Member Amounts** (right side of page), click **+Add** to add a row. Complete the following fields:

Although this information belongs in the Finance Domain section, it is included here since you are already working in District Administration.

- **SSA Member District ID** (E0981) – Indicates the county district number (CCDDDD) of the school district (as registered with the TEA), which is a member district in the shared services arrangement.
 - **SSA Fund** (E0316S) (Descriptor: C145S) – Identifies the fund group and specific fund (when applicable) for the shared service arrangement actual financial data.
 - **Fiscal Year** (E0974) – Type the one-digit fiscal year for the SSA record. This is the last fiscal year's SSA data. For example, for reporting year 2027 (school year 2026-2027), use SSA data from the 2025-2026 financial fiscal year 6.
 - **Actual Amount** (E0774) – This is the amount spent on the members' behalf.
- ☐ Click **Save**.

II. Finance Domain

The Finance domain includes financial information captured in accounts (both actuals and budgeted).

1. [Add fund balance data.](#)

Add fund balance data

[District Administration](#) > [Tables](#) > [District Information](#) > [Fund Balances](#)

This tab is used to enter prior year ending fund balances (3XXX) as reflected on Schedule C-1 of the audit.

The purpose of these entries is to collect actual audited financial data for the prior school year as it is reported in the PEIMS Mid-Year Submission.

This data is included in the PriorYearActualExt Entity and represents the sum of the financial transactions to date relating to a specific account.

If the fund balance reported on the Annual Financial & Compliance Report (AFR) is a positive amount, it should be entered as a negative amount in ASCENDER.

TIP: Reference the Exhibit C-1 Balance Sheet from the annual audit report and manually enter the fund balances on this tab. The fund balances must match the audit report.

TIP: Keep in mind that you are reporting prior year actual amounts. This means the year you enter should be one year ahead of the fiscal year associated with the fund entries. For example, if reporting on the 2026-2027 year, this **Year** field should be 2027 and the **FY** field should be 6 for the fund entries.

❑ Click **Retrieve** and manually enter data from the Exhibit C-1 Balance Sheet.

- Fund balances are listed in the PDM2-102-002 Fund Balances section of the Balance Sheet - Governmental Funds.

Add crosswalks

Log on to Finance file ID for the 2025-2026 school year.

[Finance > Tables > TSDS Crosswalks](#)

Use TSDS crosswalks to map financial data from the LEA's set of accounts to TEA's Chart of Accounts for both the current and previous file IDs.

- Build any necessary local crosswalk tables. LEAs that follow the Financial Accounting Resource (FAR) Guide for account coding generally do not need to create crosswalk tables.
- Verify that all TSDS crosswalks are correct and that no local crosswalks have been

created for accounts that are already handled by ASCENDER's automatic crosswalks.

- Review the [Actual Extract Automatic Crosswalks](#) page. If a crosswalk is created on this page, it is used throughout the TSDS reporting process. Local crosswalks are applied first, followed by ASCENDER's automatic crosswalks.

- Automatic crosswalks are applied after any applicable crosswalks created on this page.
- Avoid creating a local crosswalk for an account that is already handled by an automatic crosswalk.
- Creating or updating a TSDS crosswalk does not update the Finance application. Any changes needed to the underlying account coding must be made manually in the Finance application.

REMINDERS:

- Ensure you are logged on to the prior file ID in Finance to verify information.
- In the prior year file ID, verify that the **Previous Year File ID** field on the [Finance > Tables > District Finance Options > Finance Options](#) tab is set to a number representing the previous file ID instead of a letter.
