Table of Contents

Enable TeacherPortal

[Grade Reporting > Maintenance > TeacherPortal Options > District > Options](#)

Set **TeacherPortal Use Flag** to *TeacherPortal is enabled*.

A screenshot of a web application interface. At the top, there are three tabs: 'OPTIONS' (highlighted with a green underline), 'HINT QUESTIONS', and 'ADMINISTRATIVE USERS'. Below the tabs, there is a label 'TeacherPortal Use Flag:' followed by a dropdown menu. The dropdown menu is open, showing the selected option 'TeacherPortal is enabled' with a small downward arrow icon.

- When ASDR is run, the teachers' user ID and password are removed from TeacherPortal for security reasons. The teachers will need to register again for the next school year.

NOTE: TeacherPortal administrative user accounts are deleted/retained according to the setting of the **Delete TeacherPortal Administrative Users** field on [Registration > Maintenance > District Profile > Annual Student Data Rollover > District ASDR Options](#). If accounts are deleted, campus- and district-level administrators will need to register again for the next school year.

- The TeacherPortal Skills-Based Report Card setup information is cleared when ASDR is run; this information must be re-entered each school year.

Enable ASCENDER ParentPortal

ASCENDER ParentPortal Admin > Admin Settings > District Settings

Set **ParentPortal is active as of** to the current date. "Active" will be displayed.

NOTE: Once ParentPortal is enabled parents will be able to login and see their child's schedule.

Enable StudentPortal

[Graduation Plan > Maintenance > StudentPortal > Campus Options](#)

Set **Use Graduation Plan** to *Read Only* or *Open*.

CAMPUS

Use Graduation Plan: Read Only ▼
