# PEIMS Summer Submission

The ASCENDER District Administration application provides programs to extract the appropriate data for each collection from the Business and Student systems. These programs are reviewed and modified annually, per the published Texas Web-Enabled Data Standards (TWEDS), to ensure that the data extracted to the district database is as accurate as possible. The extracts provide many of the edits as defined in the TWEDS.

The PEIMS Summer Collection (Collection 3) includes yearlong student attendance (regular and flexible), including the required calendar minutes reporting, as well as program data, course completions, disciplinary actions, student restraints, Title I Part A participation, and Foundation High School Program participation data.

The extract programs create the appropriate records in the district database, taking into account the school-start window and the as-of date. The as-of status code is automatically generated for each student record.

**The Summer submission is due June 18, 2026.**

**IMPORTANT:** Some of the images and/or examples provided in this document are for informational purposes only and may not completely represent your LEA's process.

## Prerequisites

### Prerequisites:

- Verify that all roles and users are correct in ASCENDER Security Administration.
- End-of-year processes, including posting cycle grades, computing final grades, awarding credit, and assigning pass/fail indicators must be completed prior to summer submission data.
- Be sure all **Section Information** fields are set correctly on **Grade Reporting > Maintenance > Master Schedule > Campus Schedule > Section**.

### Terminology:

**Domain:** Displays the Ed-Fi domain name where the error(s) occurred (e.g. Education Organization).

- Entity:** Displays the entity within the Ed-Fi domain where the error(s) occurred (e.g. LocalEducationAgency).
- Data Element:** A specific unit of data that must be reported to the TEA.

## Verify ASCENDER Student Data

For Submission 3, report students in membership within a Local Education Agency (LEA), receiving at least two hours of service per day, and may be served solely by a public school, by both a public and nonpublic school, or placed in specialized settings like special education nonpublic day schools or residential placements.

It also includes special education students who are enrolled but not in membership, particularly those who have experienced a restraint or discipline event.

Additionally, students who are enrolled but not in membership due to virtual learning, those participating in the Texas Virtual School Network (TxVSN), or those involved in University Interscholastic League (UIL) activities despite not being enrolled in the district, are also reported. These students may be in unique educational situations, such as receiving services through individualized plans or being reported with a *StudentResidentialFacilityAssociation* common type.

Verify data for each element in the following ASCENDER Student applications. **It is suggested that you run reports first, and then use the maintenance pages in the Student applications to update data where needed.**

### Calculated Elements

#### [Hard-coded and calculated elements](#)

The following elements are either hard-coded in or calculated by the software. Hard coded values are built into the program, are the same each time they are extracted, and cannot be changed by the user. Calculated values are determined by the program and can be changed if source data is updated or changed.

### VERIFY ENTRY/WITHDRAWAL DATES FOR ENROLLMENT

- If a student has been placed in a disciplinary setting, and is not receiving special program services during that time, the student may be withdrawn from the program while in the disciplinary setting, either by performing a status change or withdrawing the student from the program for those dates. In this case, for programs such as special education, bilingual/ESL, etc, the student may be withdrawn from the special program during the disciplinary assignment, and then re-enrolled in the program when the student returns. See the TEA Student Attendance Accounting Handbook (SAAH) for additional information, and be sure to review your local procedures/policies.
- For CTE, a status change should be performed on the **W/R Enroll** tab (to update the **CTE Elig** field) at the beginning and end of the disciplinary assignment. A student can be assigned to a disciplinary setting for up to five consecutive days and continue to receive CTE hours even if CTE services are not provided to the student during placement. After five days, the student can continue to earn credit for the class but cannot claim additional funding; the funding clock must be set back to the first day of the disciplinary assignment.

**NOTE:** If participating in Optional Flexible Year Program, use a separate attendance track to move students. Students should have been moved the first day of the cycle (where the OFYP dates are scheduled) using the Record Status Change.

Special education services must be provided as outlined in the student’s IEP while the student is placed in an appropriate disciplinary alternative education setting (for example, in-school suspension or DAEP). Special education contact hours should be claimed only if the IEP services are provided. If the IEP special education services are not provided, special education contact hours must not be claimed. This restriction includes short-term removals of not more than 10 consecutive or cumulative school days. Verify all data.

SDS1800 lists CTE students who were assigned to a disciplinary setting. CTE contact hours must not be claimed when a student receiving CTE services is placed in a disciplinary setting (for example, in-school suspension or DAEP) **for more than five consecutive days if the same amount and type of CTE services are not provided by a CTE teacher**. After five consecutive days without CTE services being provided, LEA personnel must remove the student from the TSDS PEIMS 42401 Special Programs Reporting Period Attendance Extension eligible days present effective the first day of placement in the disciplinary setting. Verify all data.

This report only works if the student has a CTE indicator on the Demo3 tab.

SGR1600 provides a list of all students who have a CTE course in their schedule. You can run the report by Semester or by an As-of Date.

Verify and update data for students in CTE and verify their enrollment in a CTE-eligible

class. An asterisk (\*) is printed in the **CTE Crd Amt** column for students who are ineligible for CTE contact hours. (*Registration > Maintenance > Student Enrollment > W/R Enroll*).

Verify the information in the columns **Car Tech Code** and **TEA Service ID** (sorting the report by these columns may be helpful).

The **CTE Crd Amt** field displays the number of hours earned for each course toward CTE contact hours which includes 7th and 8th grade students in a high school credit level CTE course.

**REMINDER:**

**PEIMS Career and Technical Education Indicator Code Calculation**  
 The Career and Technical Education Indicator Code is a calculated value based on the student's course completion data for all years in which the student could have taken a CTE course. The Career and Technical Education Indicator Code will be calculated by TEA for all students in grades 06-12.

The Career and Technical Education Indicator Code is calculated once the PEIMS Summer Submission is in the Accepted status for all LEAs. Reports that display the calculated value will be available approximately two weeks after each submission closes.

This report lists all students with their courses by semester, including cycle grade averages, exam grades, final grade, attendance, and the pass/fail indicator for each course. Ensure that all data is accurate.

**NOTE:** The **P/F** (Pass/Fail Indicator) column with an \* indicates a blank Pass/Fail Indicator. It is common to have a blank Pass/Fail Indicator for students who have withdrawn or didn't complete a course due to a schedule change.

SRG1200 provides a list of student status in all programs. Set the Print Enroll Records parameter to Y. Use the report to verify eligibility, attribution code, and campus of residence.

- o Verify eligibility codes. Kindergarten students enrolled in PK last year are normally marked full day eligible (1 or 3).
- o Verify/Update Campus of Residence for transfer students. A student's campus of residence must match the grade level in AskTED for the district the student resides in. ("i.e." if a student went from grade 8 to grade 9 campus number may have changed)

- Students with a Campus of Residence must have an Attribution Code. (Transfer students should have an attribution code of a 06).

Total Count for Campus 001:											22				

SRG1900 provides a list of students who have been enrolled in a specific local program, as well as special program withdrawal dates and reasons. Campus totals are displayed for each included campus. A report total is displayed at the end of the report.

Verify all entry and withdrawal dates and special program services.

**NOTE:** To set up local program codes for the district, go to *Registration > Maintenance > District Profile > Local Program Codes*. The campus must select the program in *Registration > Maintenance > Campus Profile > Campus Local Program Codes* to make it available at the campus.

The student should have a row on **Local Programs** where the **Local Programs for TEA** field is set to the Local Program code for ECHS, T-STEM, P-TECH, 504, Intervention Strategies, General Ed Homebound, Migrant, Immigrant, Dyslexia, Star of Texas, New Tech, Adult Previous Attendance, and Virtual Student not in Membership or the crisis code if applicable.

**NOTE:** IGC should be set up as a Local Program. The student should have a row on **Local Programs** with a row where **Other Local Programs** is set to the Local Program code for IGC if applicable.

The screenshot shows two tables for managing local programs. The top table, 'Local Programs for TEA', has columns for Delete, Campus, Entry Date, Exit Date, Reason, Local Program, TEA Code, and four Code fields (Code 1-4). It lists four programs: DYS, SGA, MIG, and INV, all with Campus 001 and Entry Date 08-17-2022. The bottom table, 'Other Local Programs', has the same columns and lists one program, IGC, with Campus 001 and Entry Date 08-17-2022.

IGC is the only local program entered in the **Other Local Programs** group box. All other local programs should be entered in the **Local Programs for TEA** group box.

For each student with an **Excessive Unexcused Absence** indicator, check **Truancy Prevention Measure** and/or **Truancy Complaint Filed** if applicable. To prevent getting a grade level error in the batch manager, verify there are no missing fields or invalid dates.

**NOTE:** This utility can be run as often as needed. Each student will be marked for the first occurrence of 10 or more unexcused absences. This information will not be deleted when the utility is run again unless unexcused absences were removed and the student no longer has 10 unexcused absences. It is advisable to run the utility at the end of each cycle and at the end of the school year.

The 'OK' and 'Cancel' buttons are at the bottom right.

For a complete list of submission rules and edits, access the TSDS Web-Enabled Data Standards (**TWEDS**) website. In the top-right corner, select the appropriate **School Year** (20XX), **Collection** (XXXX), and **Submission** (XXX) and click **Open**.

Once on the TWEDS website, in the Overview tab, you can review **Collections, Timelines (DUE DATES), and Data Submission Responsibilities**. It is **highly important** to ensure that you review all of these details as they may change according to the **School Year**.

Additionally, you can use the other tabs on the TWEDS website to review **Data Components, Descriptor Tables, References, Rules, Change Logs, and Early Notices.**
