 Add Status Change

1. Click **Code 33** to do a status change.

- A row is added to the grid that displays the default entry date, which is the same as the withdrawal date. This ensures that you do not lose any membership days by typing the incorrect entry date for the status change.
- The fields below the grid are enabled. The fields display the data from the previous row by default.

2. Modify any information that changed for the entry date.

3. Click Save to save the status change.

NOTE: If the entry date and exit date are the same on the row, this button is not available.
