Grievance Reporting - DA3200

District Administration > Maintenance > TSDS Reporting > Summer > Grievance Reporting

This page allows Local Education Agencies (LEAs) to track grievance issues reported by parents, students, staff, and community members. All school systems (except charter schools) must offer a formal grievance process and report this data during the PEIMS Summer Submission.

Per TEA guidelines, refer to the following local grievance policies for additional information:

- DGBA (LOCAL): Employee grievances
- FNG (LOCAL): Student and parent grievances
- GF (LOCAL): Grievances from all others (including vendors and taxpayers)

Grievance Reporting Notes:

- The static grievance URL that connects directly to the school district's grievance policy is reported in the PEIMS Fall Submission.
  - The **Grievance Link** field can be maintained on the District Administration > Tables > District Information > District Name/Address tab or the Registration > Maintenance > District Profile > District Maintenance > TSDS tab based on a user's permissions.
  - For TSDS reporting, the data is pulled from the same underlying table regardless of where it is updated.
- Individual LEA grievance records with a GrievanceFiledDate (E3137) on or between June 1 through May 31 of the current school year are reported in the PEIMS Summer Submission. Any grievances filed or resolved after May 31 will fall into the subsequent school year’s reporting cycle.

Add or retrieve a record:

❑ Click **Add** to add a new grievance record.

OR

❑ Retrieve an existing grievance record.

- Verify that the school **Year** field is correct, if not, type the four-digit ending year of the desired school year (e.g., enter 2027 for the 2026–2027 school year) and click **Retrieve** to retrieve records for the specified school year.
- If you know identifying information for the record, enter the **Grievance ID** or **Description**. Or, click Directory to open the Grievances directory for the specified school year.
