District Administration > Tables > District Information > Fund Balances

This tab is used to enter your prior year ending fund balances (3XXX) as reflected on schedule C-1 of the audit.

The purpose of these entries is to collect actual audited financial data for the prior school year as it must be reported in the PEIMS Mid-Year Submission. This data is included in the PriorYearActualExt Entity and represents the sum of the financial transactions to date relating to a specific account.

Add fund balance information:

Field	Description
Year	Verify that the correct school (submission) year is displayed. If not, type the correct four-digit year for which you want to add or retrieve data and click Retrieve . TIP: Remember that you are reporting prior year actual amounts so the year should be a year ahead of the fiscal year entered for the fund entries. For example, if you are reporting on the 2023-2024 school year, you are using data from the 2022-2023 fiscal year; therefore, the Year would be 2024 and the FY would be 3.
