District Administration > Tables > District Information > Shared Services Arrangement

This tab is used for state reporting purposes to identify the ESC/LEA fiscal agents and the ESC and/or LEA member(s) for each type of Shared Services Arrangement (SSA) that exists among two or more ESCs and/or LEAs.

You can maintain financial information (actuals) for shared service arrangements. You can manage financial records by shared service type, fiscal agent, and fund/fiscal year. This information may be used to review programs, staff, and/or classes for funding purposes.

This data is reported in the PEIMS Fall and Mid-Year Submissions in the SharedServiceArrangementExt Entity, which represents the sum of the financial transactions for shared service arrangements to date.

The **Shared Services Arrangements** records (left side of the page) must be added and saved before you can add corresponding data under **Shared Services Arrangements Amounts** (right side of the page). After you save a record under **Shared Services Arrangements**,  is displayed under **SSA Actuals**, which allows you to add records for that specific row under **Shared Services Arrangements Amounts** (right side of the page).

Add shared services arrangements and amounts:

Field	Description
Year	Verify that the correct reporting year is displayed. If not, type the correct four-digit reporting year for which you want to add or retrieve data and click Retrieve . For example, the reporting year for the 2024-2025 school year is 2025. TIP: Keep in mind that you are reporting prior year SSA amounts. This means the year you enter should be one year ahead of the fiscal year associated with the entries. For example, if reporting in the 2024-2025 year, use data from the 2023-2024 year, entering 2025 in the Year field and 4 in the FY field for the fund entries.
