## District Administration > Tables > Freight Terms

This page is used to create freight terms indicating the transport/carrier type and payment responsibility. The freight term codes are used in the Purchasing bid process.

### Create a freight term:

A list of existing freight terms is displayed in the grid.

| Field         | Description                                                                                             |
|---------------|---------------------------------------------------------------------------------------------------------|
| Starting Code | Type the starting freight code to narrow the results displayed on the page, and click <b>Retrieve</b> . |

Click **+Add**. A row is added to the grid.

|                          |                                                                    |
|--------------------------|--------------------------------------------------------------------|
| Freight Term Code        | Type a freight term code. The code can be a maximum of six digits. |
| Freight Term Description | Type the freight term code description.                            |

Click **Save**.
