Your leave balances are displayed at the bottom of the Create Leave Requests window under **Leave Balance Summary**.

- Complete the following information for the leave entry:

Leave Type	Click ▼ to select the type of leave that you want to request. Only leave types assigned to you are displayed. An LEA setting determines whether or not you can use a leave type with a zero balance. All assigned active leave types are displayed even if the leave type amount is zero.
Absence Reason	Click ▼ to select the absence reason. The absence reasons are determined by your LEA and correspond to the selected leave type.

Start Date	Type the start date for which you want to request leave in the MM/DD/YYYY format or click  to select a date from the calendar.
End Date	This field is automatically populated with the date selected in the Start Date field; however, you can change the date. An LEA setting determines whether or not this field is automatically calculated.
Total Requested	Indicates the total amount of requested leave in the specified units.
Remarks	Type any comments related to your leave request. The comments are available to all approvers.

The leave balance amounts translate to hours or days based on the assigned unit type for the selected leave type.

request.

- If you are set as the temporary approver for your supervisor, and you enter a leave request when your supervisor is unavailable, the request is submitted to your supervisor's supervisor. You are not allowed to approve your own leave requests.
- When a leave request is approved or disapproved, an email message is automatically sent to the email address listed on your demographic record notifying you of the action.
- If your leave request is approved, the approval email message will contain links to add your approved leave request as a calendar event in Outlook and Google.
