Set Temporary Approvers

EmployeePortal > Supervisor > Set Temporary Approvers

This page is used to temporarily assign your approval duties to an alternate approver. You can provide a date range during which you are not available and specify the temporary approval path.

Temporary approvers must have an employee record in Personnel (not a non-employee record created in District Administration) with an email address and an active user profile with an employee number in Security Administration. If you are the next approver in the temporary approval path during the date range in which you are not available, the temporary approver replaces you in the approval path and receives an email message prompting him to take action on any submitted leave requests.

If this page is not enabled, check with your EmployeePortal administrator as the LEA may have opted to not allow access.

When you access the page, a list of your temporary approvers is displayed, if any. Use the following steps to set temporary approvers for yourself. If you need to set a temporary approver for one of your direct report supervisors, be sure to select the applicable name in the **Direct Report Supervisors** field.

View a list of temporary approvers:

Supervisor Hierarchy	Your employee number and name is displayed.
Direct Report Supervisors	Click ▼ to view a list of your direct report supervisors. Select a supervisor's name and click Next Level. The selected supervisor name is moved to the Supervisory Hierarchy level and a list of temporary approvers and date ranges is displayed. Follow the steps to set a temporary approver for the selected supervisor. Click Previous Level to return to the list of temporary approvers for the previous level of supervisor hierarchy.
