The web address is unique to your district.

ASCENDER ParentPortal does not require a separate app to be downloaded. The ParentPortal uses a responsive design that adjusts to whatever screen you are using (PC, tablet, or phone).

- ☐ Access ParentPortal using the browser on the device you are currently using.

Contact your student's campus or district for the web address.

ParentPortal on a small screen:

The screenshot shows the TXEIS ISD Parent Portal login interface. At the top, the header includes the 'ASCENDER PARENTPORTAL' logo and a hamburger menu icon. Below the header is a large banner with a tree background and the TXEIS ISD logo. The main content area is titled 'Login' with a hand cursor icon. It contains two input fields: one for the username 'testuser' and another for the password, represented by dots. Below these fields are two buttons: a green 'Login' button and a blue 'Create Account' button, separated by the word 'or'. A link for 'Recover User Name/Reset Password' is located below the buttons. At the bottom of the page, there is a section labeled '- District Message -'.

ParentPortal on a computer screen:

This screenshot shows the same Parent Portal login page as above, but displayed within a browser window. The browser's address bar shows 'English' and a help icon. The layout is identical to the previous image, with the TXEIS ISD banner, the 'Login' section containing the username 'testuser' and password fields, the 'Login' and 'Create Account' buttons, the 'Recover User Name/Reset Password' link, and the '- District Message -' section at the bottom. A small 'Welcome to your district parent portal.' message is visible at the very bottom of the page.
