## Admin - Custom Forms - View Custom Form Data

## ASCENDER ParentPortal Admin > Form Management > Custom Forms > View Custom Form Data

This page is only available to users who log on to ASCENDER ParentPortal with a district- or campuslevel security administrator user name.

This page allows you to view data submitted by parents in custom forms.

Your existing custom forms are listed. **Active Forms** are listed first, and **Archived Forms** are listed below active forms.

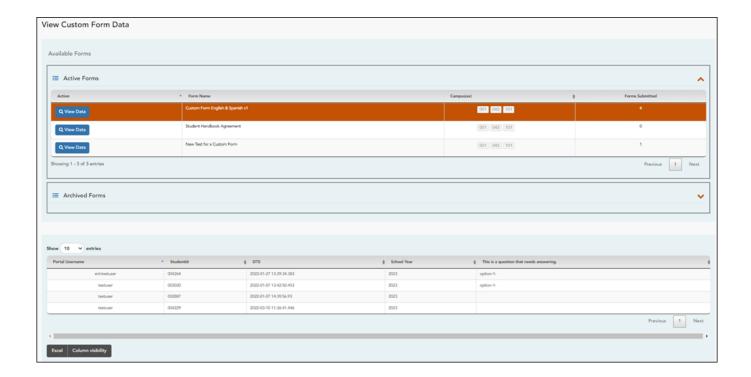

**NOTE**: Archived forms are forms that may still be needed for reporting purposes but are no longer used for data collection. An archived form is still accessible to administrators, but is grouped with other archived forms for organizational purposes.

	The name of the custom form is displayed, as entered in Step 1 on the Create Custom Form page.	
Campus	The campuses using the custom form are listed.	
Forms Submitted The number of form responses submitted by parents is displayed.		

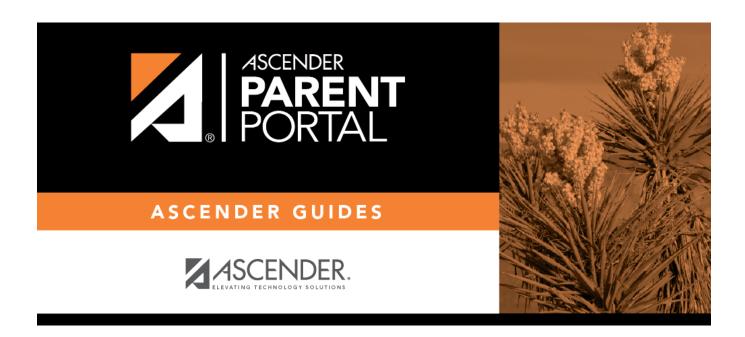

☐ Click **View Data** to view the answers submitted by parents. <div indent>The answer data is displayed in a grid below the forms list.

**TIP:** You can click the column headings to sort data by a particular question.

Excel	Click to export the report as a spreadsheet.
<b>Column visibility</b>	Click to select which columns to include in the export.

**NOTE:** It is recommended that you save a backup copy of the form once all data is gathered.
