ASCENDER ParentPortal Admin > Form Management > Form Creator

This page is only available to users who log on to ASCENDER ParentPortal with a district- or campus-level security administrator user name.

The Form Creator allows you to create new forms, as well as delete and edit existing forms.

Two types of forms can be created:

- **Static forms** can be created using the static documents you have already uploaded.
- **Dynamic forms** can be created using the fields you selected in previous steps.

NOTE: A form must be added to a group in order to be accessible to parents. You will add the form to a group in a subsequent step.

The screenshot displays the 'Form Creator' interface. On the left is a sidebar with a blue header '+ Add Form'. Below it are two sections: 'Active Forms' with a dropdown arrow, and 'Archived Forms' with an upward arrow. The 'Active Forms' section is divided into 'Static Forms' and 'Dynamic Forms'. Under 'Static Forms', there are two items: 'Supply list' and 'Testing static form instructions'. Under 'Dynamic Forms', there are five items, each with a 'Fields' count: 'Contacts' (40), 'New Student Address' (16), 'New Student Contacts' (40), 'New Student Enrollment' (59), and 'Registration' (25). The main area is titled 'Edit Form' and contains a 'Copy Form' button in the top right. It has a 'Language:' dropdown set to 'English'. Below this are input fields for 'Form Name:', 'Campus:', and 'Form Instructions:'. There are also 'Visible:' radio buttons for 'Yes' and 'No', and an 'Archived:' checkbox. A 'Save' button is in the bottom right corner.

On the left side of the page, any existing forms are listed.

- **Active Forms** are listed first, and **Archived Forms** are listed below active forms.

- Click to hide **Active Forms** or **Archived Forms**.

- Click to re-display **Active Forms** or **Archived Forms**.

- Forms are automatically grouped by form type (**Static** first, then **Dynamic**).

Forms that have an uploaded document attached are listed under **Static**.

Forms that do not have an uploaded document attached are listed under **Dynamic**.

- Under **Active Forms - Dynamic**, three 'New Student' forms are included by default:

- New Student Enrollment
- New Student Contacts
- New Student Address

The following forms are also included by default:

- Contacts
- Registration

- **Fields: #** indicates the number of fields that have been added to a dynamic form. Static forms do not have fields.

- Hover over the form and click the preview icon to [preview the form](#).

The form opens in a pop-up window or different tab allowing you to view the form as it will be displayed to parents in ParentPortal. In the preview window, data cannot be edited or saved.
