ASCENDER ParentPortal Admin > Admin Menu > Form Settings

This page is only available to users who log on to ASCENDER ParentPortal with a district- or campus-level security administrator user name.

This page allows you to enter district-level settings for Student Enrollment and Online Registration, and view form data.

Student Enrollment Versus Online Registration:

- **Student Enrollment** refers to the one-time process of enrolling a new student in the district. Only forms in the *New Student Enrollment* group, and static printable forms, are used for new student enrollment.
- **Online Registration** refers to the annual maintenance of records for existing students (i.e., students already enrolled in the district), such as demographic data updates and form acknowledgement.
- **Student Data Updates** refers to the ongoing maintenance of records for existing students, such as changes to contact information.

Access Control:

Online Registration

These fields enable annual Online Registration:

Allow Parent Access	<p>This field enabled and disables Online Registration, including the tools needed to set up forms.</p> <p>Select Yes if you will be using Online Registration, including during setup.</p> <p>Use Online Registration Date Range to control when Online Registration is available to parents.</p>
Online Registration Date Range	
District Online Registration confirmation message:	

Student Enrollment

These fields enable annual Online Student Enrollment:

Would you like to allow parental access to Student Enrollment
What type of authentication would you like to use for new enrollment

Forms Management

Forms Summary
