

ASCENDER GUIDES

Table of Contents

The screenshot shows a web interface for 'Express Enrollment for Barry Holland'. On the left, there are three steps: Step 1 (Enrollment Overview), Step 2 (Enrollment Key), and Step 3 (Addresses & Contacts). Step 2 is highlighted. The main content area for Step 2 says 'Obtain and verify an Enrollment Key.' and '1. Enter the letters displayed below in the box provided, and click Continue.' Below this, a CAPTCHA code 'MKPDTT' is displayed. There is a text input field containing the same code and a blue 'Continue' button.

This option is primarily used during a short-term enrollment event, such as Kinder Roundup.

For this option, a key is generated once you correctly enter the CAPTCHA code. To do this, follow these steps:

1. Type the CAPTCHA code exactly as it appears on the page.
2. Click **Continue**.

This is a close-up of the CAPTCHA step. It shows the instruction '1. Enter the letters displayed below in' followed by the CAPTCHA code 'MKPDTT'. Below the code is a text input field that already contains 'MKPDTT' and a blue 'Continue' button.

If you typed the CAPTCHA code correctly, the message “Your key has been created and verified!” is displayed.

The screenshot shows the success message in the 'Express Enrollment for Barry Holland' interface. The header says 'Express Enrollment for Barry Holland' and 'Obtain and verify an Enrollment Key.' The main content area is a large yellow box with the message 'Your key has been created and verified!' and a blue 'Continue' button.

Also, the parent will receive an enrollment key by email.

New Student Enrollment Instructions

To: name@email.com

Thank you for using txConnect online enrollment to enroll your child, Barry Gibb.

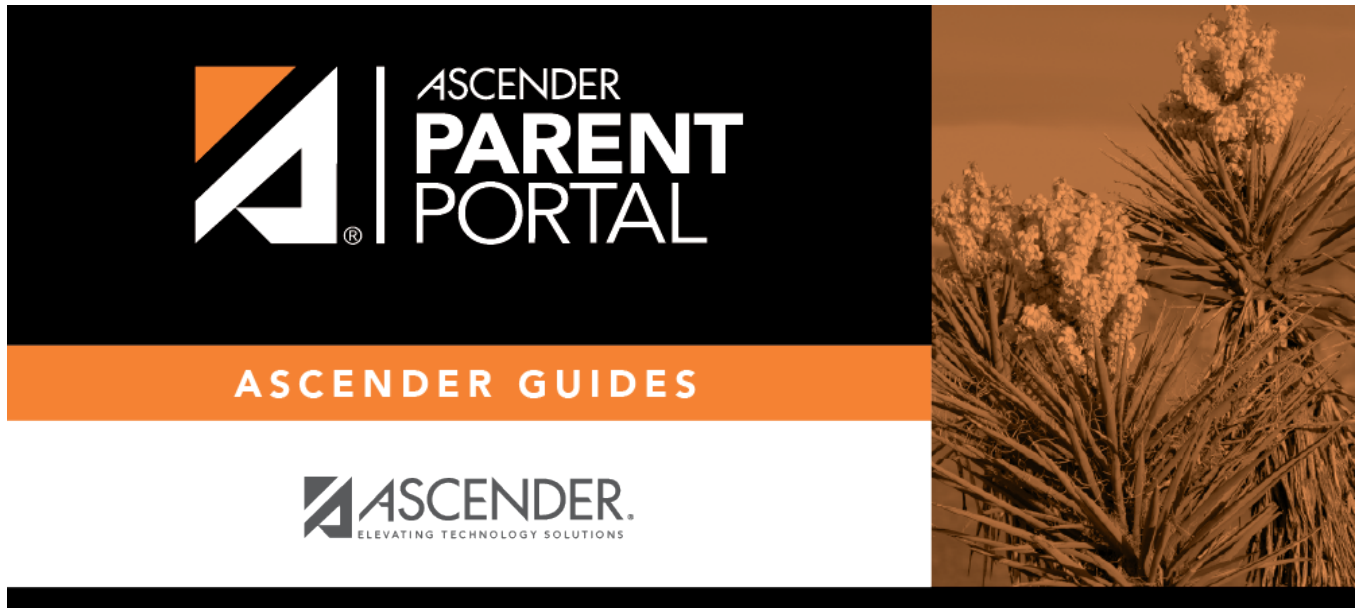

Your child's Enrollment Key is: Cp3reczhmhGHcJez

Please keep this email through the enrollment process in the event that you need to provide the enrollment key to the school.

Thank you.

The parent should save this information for his records.
