QuickGuide: Compute Grades and Assign Credit

Follow these steps to compute grades and assign credit at the end of the semester and school year. This should be done by campuses that award credit, including middle schools offering courses with credits that apply toward graduation.

1. Verify grading concept.

Grade Reporting > Maintenance > Tables > Campus Control Options > Computation

Verify that Grading Concept is set correctly:

Grading Concept	Indicate how students are awarded credit for a course-section. The selection should be based on your district grading policy.
	 Final - Award credits based on the final grade. Sem/Final - Award credits based on a combination of semester and final grades. If used, the Credit Seq field on Maintenance > District Schedule is also considered when you run the Grade Computation and Credit Assignment utility and the Assign Pass Fail Indicators utility. Semester - Award credits based on the semester grade. The field is also used by the Assign Pass Fail Indicators utility.

2. Verify fields in district master schedule.

Grade Reporting > Maintenance > Master Schedule > District Schedule

Verify that the following fields are set correctly:

Service ID	(Required) Click it to select the service ID for the course.
	TWEDS Data Element: SERVICE-ID (E0724) (Code table C022) The service ID description is displayed next to the field.
Tot Credits	Type the number of academic credits awarded to students who pass the course, up to two digits. The decimal is inserted automatically. For example, if you type 10, the field displays 1.0. IMPORTANT: If you change this field for a prior year, you must run the Historical Grade Averaging and Class Ranking utility, as this will affect student averages in prior years.
Part Credit	Select if partial credit is awarded to students who fail one or more semesters or are only enrolled in part of the course. The field is used by the Assign Pass Fail Indicators utility. Partial credit cannot be selected for regular one-semester and self-paced courses. NOTE : If a two-semester course has a Credits setting of .5 credits, <i>Award Partial</i> <i>Credit</i> must be selected for the Grade Compuation and Credit Assignment utility to award the credit.

	Select the code indicating the conditions under which credits are awarded. This field is only considered in the Grade Computation and Credit Assignment utility and the Assign Pass Fail Indicators utility if Grading Concept is set to <i>Sem/Final</i> on Maintenance > Tables > Campus Control Options > Computation.
	 Full credit is awarded if final grade and first semester grade are passing. Full credit is awarded if final grade and last semester grade are passing. Full credit is awarded if final grade and all semester grades are passing. Full credit is awarded if final grade and any semester grades are passing.

3. Assign code NC to students who will receive no credit due to absences.

Grade Reporting > Maintenance > Student > Individual Maint > Grd/Crs Maint

These **Options** apply only to courses that were not taken for all semesters of the course:

Semester Average	Select if you are not using TeacherPortal, or if you are calculating blank semester grades when Allow Recomputation is <u>not</u> selected on Maintenance > Tables > Campus Control Options > Computation. If selected and if the campus does not use TeacherPortal, you will be
	prompted to confirm that you want to continue when you execute the utility.
Compute Final Grades	Select to calculate final grades. If selected, the fields under Exclude Final Grade Computations are enabled.
