SDS1400 - Offenses 'Reported By' Summary Report

Discipline > Reports > Discipline > SDS1400 - Offenses 'Reported By' Summary Report

The report displays the percentage of offenses reported by the persons who reported incidents. The percentage displayed is based on the number of offenses reported for an offense code by a particular person/group divided by the total number of offenses reported for the whole campus.

The report is grouped by Reported By ID. The **Reported By** field on the incident record can be blank, and all offenses reported without a Reported By person/group print on the "Reported By = blank" page.
