

# **attendance\_campus\_options\_alternate\_days**

# Table of Contents

This section is used if the campus has more than one period used for ADA period, such as for A-Day/B-Day schedules.

For example, the A-Day schedule may take ADA attendance during period 02, and the B-Day schedule may take ADA attendance during period 05.

For both days, an additional period needs to be created that is the same for both A-Day and B-Day. For example, if the campus has classes during periods 01-08, then period 09 could be used as the extra ADA period. This extra period must be the same for both A-Day and B-Day. Be sure this extra period is included in the **1st Period Nbr** and **Last Period Nbr** fields.

**NOTE:** All tracks at the same campus must have the same ADA posting periods.
