# Change the School Year and Campus

The selected school year and campus are displayed in the top-right corner.

1. Click **Change** to access data for another school year and campus. The **School Year** and **Campus** fields become enabled.
2. Select another school year and campus. You can only select campuses to which you have access.
3. Click **Apply**. The **School Year** and **Campus** fields display the selected school year and campus.
