

grad_plan_course_detail_assigned_courses

Table of Contents

The courses assigned to the student are listed by grade level, including any default courses that were assigned automatically.

NOTE: Data is only displayed for future grade levels not in progress, requested, or scheduled. For example, only an 8th grade student would see the 9th, 10th, 11th, and 12th grade course requirements.

Fields from [Maintenance > District > Tables > Graduation Plans](#) are displayed for your reference.

Delete Select any courses you want to remove from the student's graduation plan.

Click  to remove the selected courses from the student's graduation plan for the grade level. The selected courses are removed from the right grid and displayed in the left grid.
