District Parameters

Table of Contents

District Parameters

Grade Reporting > Maintenance > Tables > District Control Table

This tab allows you to set grade reporting options that apply to all campuses in the district.

Update data:

Reporting Semesters	Select the number of semesters for grade reporting. The number is the maximum number that can be used throughout the district.
School Year	The school year to which you are logged on is displayed.
Maximum Course Number Length	select the maximum length for course numbers to be used throughout the district.

❑ Click **Save**.
