Elementary Courses

Grade Reporting > Maintenance > Tables > Elementary > Elem Courses

This tab allows you to set up elementary courses by grade level.

The grade level must be defined on the Elem Grade tab before you can add course information on this tab.

NOTE: Do not include one-semester courses when setting up courses by grade level. Instead, add one-semester courses as needed using Maintenance > Student > Group Maint > Add/Delete Courses.

Update data:

A triangle next to the column heading indicates the column by which the grid is currently sorted and whether it is sorted in ascending \boxtimes or descending \boxtimes order.
