

SGR0220 - Invalid Service ID

Table of Contents

SGR0220 - Invalid Service ID 1

SGR0220 - Invalid Service ID

Grade Reporting > Reports > Grade Reporting Reports > Master Schedules > SGR0220 - Invalid Service ID

This report compares the district course service IDs to the C022 table for the current year and identifies any courses that have service IDs not found in the C022 table. Courses with invalid service IDs are listed in the report.

Running this report before submitting PEIMS, TSDS, or dashboard data will help you avoid invalid service ID errors in the eScholar Data Manager (eDM).

There are no parameters for this report; it is generated automatically.
