Health > Reports > Health Reports > Screenings > SHS0298 - Acanthosis Screening Report (TRAT2DC)

This Texas Risk Assessment for Type 2 Diabetes in Children (TRAT2DC) report produces a consolidated data form for each grade level and lists only students who had a positive result from the acanthosis screening. The detail report lists all acanthosis screening records from June through May. This is the annual report that must be submitted to the University of Texas - Pan American (UTPA) Border Health Office through the Risk Factor Electronic System.

The report is due to UTPA Border Health Office on the first Friday of June by 3:00 p.m. CST.

Campuses that have been excluded from district reporting are not included.

Parameter	Description
Ending School Year	Type the four-digit ending school year. For example, for the 2023-2024 school year, type 2024.
Grade Level (Blank for All)	Type the two-character grade level, click to select the grade level, or leave blank to select all grade levels.
Name of School Nurse	Type the name of the school nurse.
Report	 Select one: Acanthosis Screening Report (TRAT2DC) - Print the summary report of students who tested positive. Students are listed by student ID, and district total counts are included. Acanthosis Screening Report (TRAT2DC) - Detail - Print the detail report that includes all students. Names are included.

Operato Value Add Crit Delete S Click OK	Select a field by which to filter the data. The drop down lists the columns that appear on the report. rr Select an operator. = Equals * Not equals > Greater than ≥ Greater than or equal to 1 ype the value by which you want to filter. For example, if you selected a date in the Column field, type a date to vonly data for a specific date. Note: When filtering report data by date, you must use the following formats: • If the date is displayed in the MM/DD/YYYY format, the filter value must be in the YYYMMDD format. • If the date is displayed in the MM/YYY format, the filter value must be in the YYYMM format. • If the date is displayed in the MM/YYY format, the filter value must be in the YYYMM format. • If the date is displayed in the MM/YYY format, the filter value must be in the YYMM format. • If the date is displayed in the MM/YYY format, the filter value must be in the YYMM format. • If the date is displayed in the MM/YYY format, the filter value must be in the YYMM format. • If the date is displayed in the MM/YYY format, the filter value must be in the YYMM format. • If the date is displayed in the MM/YYY format, the filter value must be in the YYMM format. • If the date is displayed in the MM/YYY format, the filter value must be in the YYMM format. • Using the AND operator limits search results, because the program looks only for records that contain either criterion.
Operato Value Add Crit Delete S Click OK Click Car	Select a field by which to filter the data. The drop down lists the columns that appear on the report. r Select an operator. = Equals × Not equals > Greater than > > Greater than or equal to < Less than
