Register Student

Registration > Maintenance > Online Registration > New Student Enrollment (click )

This page allows you to enroll a new student using the information that was entered by the student's parent/guardian in the txConnect parent portal.

- Student Identification
- Address
- Demographic
- Military/Federal
- Parent/Guardian

This initial data serves as the basis for a complete student record.

Verify whether **Auto Assign Student ID** is set to automatic or manual assignment of student ID numbers on [Maintenance > District Profile > District Information > Control Info](#).

Update data:

From the New Student Enrollment page, click  to view the details of the new student enrollment request. The Register Student page opens displaying the student's demographic data.

Field	Description	
Demographic Information	Grade	Select the student's grade level for the current school year.
	Entry Dt	Type the student's enrollment date, which is the first date the student attended the campus. For students enrolling in the next school year, the Entry Dt should be the <i>last day of school</i> in the current school year. When Annual Student Data Rollover occurs, this date will be converted to the first day of school in the upcoming school year.
	Track	Select the attendance track in which to enroll the student.
	Elig Code	Select the student's ADA eligibility code.
	Next Year Student	Select if the student is enrolling for the next school year. If selected, the student's record will be saved with a record status 5 (i.e., <i>not currently in district will attend next year</i>). Since Annual Student Data Rollover (ASDR) does not promote these students to the next grade level, the Grade field should be set to the next year grade level for any status 5 students.
