Bilingual/ESL

Registration > Maintenance > Student Enrollment > Bil/ESL

This tab allows you to view and update information for students who participate in a bilingual or English as a second language (ESL) program.

- Emergent Bilingual (EB) students must be identified as EB, and a parental permission code is required.
- Students who are not EB can be enrolled in a bilingual or ESL program, and the parental permission code must reflect that the placement is for a non-EB student.

The Bil/ESL tab is not available until you retrieve a student on the [Student Enrollment](#) page. For a new student, you must enter and save all required data on [Demo1](#) before proceeding to this tab.

Funding:

- Non-EB students are not eligible for funding.
- A bilingual or ESL student who is placed in a disciplinary setting, and ESL/BIL services are not provided during that time, is not eligible for funding.
- Other students may also not be eligible for funding. See the Student Attendance Accounting Handbook, Section 6 - Bilingual/English as a Second Language (ESL) for more information.

Update data:

The student's existing bilingual/ESL entry/withdrawal/reentry records are displayed. If the most recent row contains an exit date and withdrawal reason code, you can add a record.

Click **+Add** to add a record.

The fields below the grid are enabled.

Yrs US Sch	If the number of years the student has been enrolled in U.S. schools has changed, select the number of years. This field is automatically incremented during Move to Grade Reporting.
