Forms

Registration > Maintenance > Student Enrollment > Forms

This tab allows you to view the status of a student's registration and maintain submission dates for hand-delivered forms.

Form information is displayed differently on this tab depending on the form type.

Some forms may only require the parent to acknowledge that he has reviewed the form. Other forms require the parent to input data. Some data input by parents must be approved by campus staff in order for the change to be made to the student's record. These settings are established in ParentPortal Admin on the Forms Management pages.

- If a parent acknowledges the form via ParentPortal, you can view the form data and submission date.
- If a parent submits a form change via ParentPortal, you can view the form data and status.
- If a parent submits a hard copy of a form to the campus staff, you can manually record the date on which the form was delivered.

The Forms tab is not available until you retrieve a student on the [Student Enrollment](#) page. For a new student, you must enter and save all required data on [Demo1](#) before proceeding to this tab.

Filters

You can filter the listed forms:

Sch Yr	Indicate if you want to view online registration forms (upcoming school year) or student data form changes (current school year). For example, if it is currently the 2019-2020 school year, and registration is open for the 2020-2021 school year, select 2020 to see student form changes submitted for the current school year, and/or select 2021 to see form changes submitted from online registration. Move to Grade Reporting (MTGR) affects the school years displayed. After MTGR is run, the previous school year drops off, and the next school year is added.
