Local Programs

Registration > Maintenance > Student Enrollment > Local Programs

This tab allows you to view and update information for students who participate in a local program, such as dyslexic, tutoring, or 504. Local programs also include any crisis events or short-term programs that arise in the district.

Before a student can be enrolled in a local program, the program must be set up by the district on Registration > Maintenance > District Profile > Local Program Codes. Then, the campus must select the program on Registration > Maintenance > Campus Profile > Campus Local Program Codes to make it available at the campus.

> The Local tab is not available until you retrieve a student on the Student Enrollment page. For a new student, you must enter and save all required data on Demo1 before proceeding to this tab.

Update data:

❑ Under **Local Programs for TEA**:

❑ Click **+Add** to add a record.

> A blank row is added to the grid.

Campus	Enter the campus ID for which the student is applying.
Entry Date	To enroll a student in the program, type the date the student entered the program. Use the MMDDYYYY format. Or, click to select the date from a calendar. If there are existing entry/withdrawal records for the student, the entry date for the new record must be after the last exit date. The student can have only one active record (i.e., a record without an exit date). The entry/exit dates for different records cannot overlap.
Exit Date	To withdraw a student from the program, type the date the student exited from the program. Use the MMDDYYYY format. Or, click to select the date from a calendar. The exit date should be the school day following the last day the student was in the program.

Reason	If you are withdrawing the student from the program, click ⋮ to select the withdrawal reason. **CAUTION:** Although Code 33-Record Status Change is available from the list, it cannot be used for a local program withdrawal.
Local Program	Select the local program in which the student is participating.
TEA Code	This is a Read-only field and is populated with the student characteristic code assigned in the **Local Program** field.
Code 1-4	The fields are district-defined and not required. Update data as needed. Code 1 = one character Code 2 = two characters (For ADP this must be the ASDY track number.) Code 3 = three characters Code 4 = four characters

❑ Under **Other Local Programs**:

The student's existing local program entry/withdrawal/reentry records are displayed. If the most recent row contains an exit date and withdrawal reason code, you can add a record.
