Title I

Registration > Maintenance > Student Enrollment > Title I

This tab allows you to view and update information for students who receive services funded through the Elementary Secondary Education Act (ESEA) Title I program.

- If the campus participates in the Title I schoolwide program, all students' Title I indicator codes are set to 6 (i.e., *Attend Schoolwide Title I Program School*), all students enrolled at the campus are identified as schoolwide, and you do not need to indicate that any services are provided.
- If the campus participates in a targeted-assistance program, all students' Title I indicator codes are set to 7 (i.e., *Attend Title I Targeted School - Gets Services*). Only students receiving Title I services are identified, and the services they are receiving are indicated.

If the campus is a Title I schoolwide campus:

- If the student was enrolled or re-enrolled, a Title I record is automatically created and displayed.
- If the campus becomes a Title I schoolwide campus after the beginning of the school year, the Title I Code Conversion utility can be run to set all students at the campus to the Title I indicator code.
- If only one record is displayed, the record cannot be deleted.

The Title I tab is not available until you retrieve a student on the [Student Enrollment](#) page. For a new student, you must enter and save all required data on Demo1 before proceeding to this tab.

Update data:

The student's existing Title I entry/withdrawal/reentry records are displayed. If the most recent row contains an exit date and withdrawal reason code, you can add a record.

Click **+Add** to add a record. The fields in the free-form area below the grid are enabled.
