***Registration > Utilities > Cafeteria Import***

This utility imports economic disadvantage codes from a comma-delimited text file from a third-party cafeteria system. The import overwrites the **Eco Disadvan** field on Maintenance > Student Enrollment > Demo1.

Click here to view the interface (PDF format).

## Import data:

A pop-up window prompts you to locate and select the import file. Click **Browse** to locate the file. Select the text file that has records beginning with CAFIMP.

| Field | Description |
|---|---|
| **File Selected** | The selected file name is displayed. |

Click **Submit**.

- You are prompted to confirm that the correct file is selected. Click **Yes**.
- When the import is complete, a message is displayed indicating the number of codes written to the database and the number of error records. Click **OK**.
- The import listing is displayed. Review, save, and/or print the report.

  **Review the report using the following buttons**:

  Click First to go to the first page of the report.
  Click ◀ to go back one page.
  Click ▶ to go forward one page.
  Click Last to go to the last page of the report.

  **The report can be viewed and saved in various file formats**.

  Click to save and print the report in PDF format.
  Click to save and print the report in CSV format. (This option is not available for all reports.) When a report is exported to the CSV format, the report headers may not be included.
  Click to close the report window. Some reports may have a **Close Report**, **Exit**, or **Cancel** button instead.
