Reset Values (Registration)

Registration > Utilities > Reset Values

This utility mass resets data in a student's latest enrollment record according to your selections. Data from a student's previous campus is not reset.

Make sure to back up your database before running this utility.

Update data:

Parameters For Reset	
Items to Reset	Select the specific item of data to be reset. NOTE: If <i>PK Funding</i> is selected, additional fields are displayed under Parameters For Reset , as described above.
Values to Reset	

IMPORTANT! Verify that you have selected data correctly before you proceed.

Click **Reset Values**. The [Reset Values By Student](#) pop-up window opens.

Clear Clear your selections on the page.
