# TEA Census Block - Import

**Registration > Utilities > TEA Census Block > Import Census Block**

**IMPORTANT: This utility must be run in the Firefox browser.** This utility allows you to import a .csv file of Census Block GEO ID to assign the Census Block data to eligible students. This automatically populates the **Student Census Block** field on [Registration > Maintenance > Student Enrollment > Demo2](#).

## Import Data:

Import the Census Block from the .CSV file provided by the TEA.

Click **Browse** to locate the file.

**File Selected** The selected file name is displayed.

Click **Submit**.

**Begin Date** Type the begin date using the MMDDYYYY format. Or, click  to select the date from a calendar.

Click **Import Codes**.

- You are prompted to confirm that the correct file is selected. Click **Yes**.
- When the import is complete, a message is displayed indicating the number of codes written to the database and the number of error records. Click **OK**.
- The import listing is displayed. [Review, save, and/or print the report](#).

**Preview  
Errors**

[Click to view the error list if errors are encountered.](#)

Errors are created if the import file contains any of the following:

- Invalid economic disadvantage codes
  - A student campus ID that does not equal the campus ID from the import file
  - A student ID that is not found on the campus ID from the import file
  - A date of birth from the import file that does not match the student's date of birth record at the campus
  - A student name in the import file that does not match the enrollment record at the campus. In this case, the data is still imported, but the name is not overwritten.
- Errors are sorted by campus
