# Create Mstr Sched

***Scheduling > Maintenance > Master Schedule Generator > Generate Campus Schedule > Create Mstr Sched***

This tab allows you to [create the master schedule](#), generate the master schedule list, and accept the schedule. The Resource Allocator information is used to create the course sections and meeting times.

## Create master schedule:

Field	Description
<b>Recalc Conflicts</b>	<p>Select if you want to recompute the course conflicts (i.e., the number of student course requests that conflict with each other) to determine the best period to place a course-section.</p> <p>The field must be selected when course requests have changed so that courses are scheduled in the correct order.</p> <ul style="list-style-type: none"><li>• If the conflicts have not been built, the program builds the conflicts whether or not this field is selected.</li><li>• If there are records in the conflict table, the program does not rebuild the conflicts unless this field is selected.</li></ul>
