# SCH0133 - StudentPortal - Course List

### Scheduling > Reports > Scheduling Reports > Master Schedules > SCH0133 -StudentPortal - Course List

This report lists next year course, pre-grid grade restriction, and gender restriction information for a campus. The data can be used for StudentPortal to verify that restrictions are set correctly and to show the courses available for each grade level.

If a course does not have a pre-grid grade restriction for each grade level at the campus, the course is displayed for all grade levels.

Excluded courses are omitted from this report.

#### Run the report:

Parameter	Description
Campus ID	Type the three-digit campus ID, or click <sup>‡</sup> to select the campus.
	Type the two-character grade level, click to select the grade level, or leave blank to select all grade levels.
