# Delete Next Year Campus Courses

***Scheduling > Utilities > Delete NY Master Schedule > Campus***

The utility deletes next year campus courses (i.e., the campus master schedule). The next year master schedule information is deleted before the new next year master schedule is created from the current year master schedule.

At the campus level, all student requests and schedules must be deleted before you can delete campus courses. If student requests or schedules exist, course or section information cannot be deleted.

If the information has been deleted, the message "Empty" is displayed next to the field.

**Use extreme caution when using this utility.**
